Directions

Section 1: Wareham to Coombe Keynes

- From Wareham Quay **1** turn left and cross the bridge over the River Frome cycling along past the water meadows into Stoborough village and past the Kings Arms on your left.
- At the water pump **2**, housed in a stone shelter, turn right toward Creech/Steeple/Kimmeridge.
Please take great care at the next junction where the road meets the busy A351.
- At the staggered junction, follow the blue cycle signs to cross the road using the shared use paths and cycle crossing refuge, in the direction of Creech/Steeple/Kimmeridge.
- After the bend you will see the Springfield Hotel on the left. Turn right here, down Holme Lane.
- Continue along this lane for quite some time, over a railway bridge with East Home Rifle Range on the left, through an avenue of rhododendrons. Eventually the trees thin out to reveal Holme Priory on the right, a beautiful stone manor house **3**.
- Go straight ahead at the next two junctions.
- Continue along this winding, tree lined road for some time, passing Luckford Campsite on the right. At the next cross roads, continue straight over passing Woodlands Camping Park later on the left.

- You will come to a small turning on the left **4** (opposite a private dwelling called 'Copseside'). Take this turning.
- Follow the narrow tarmacked road winding through the wood, past a group of derelict farm buildings. Ignore the track to the left and continue following the road up hill leaving the wood behind and cycle along this hedge-lined lane through open fields until you reach the junction with the Wool to Lulworth road.
- Turn left at the junction, sign posted East and West Lulworth
- Continue along this road for a short distance. **Please take care as it is a busy main road.**
- Take the first turning on the left, sign posted Coombe Keynes.
- Cycle through this pretty village full of thatched cottages and then descend towards East Lulworth, passing Lulworth Equestrian Centre **5** on the left and the brick wall of the Lulworth Castle Estate on the right.

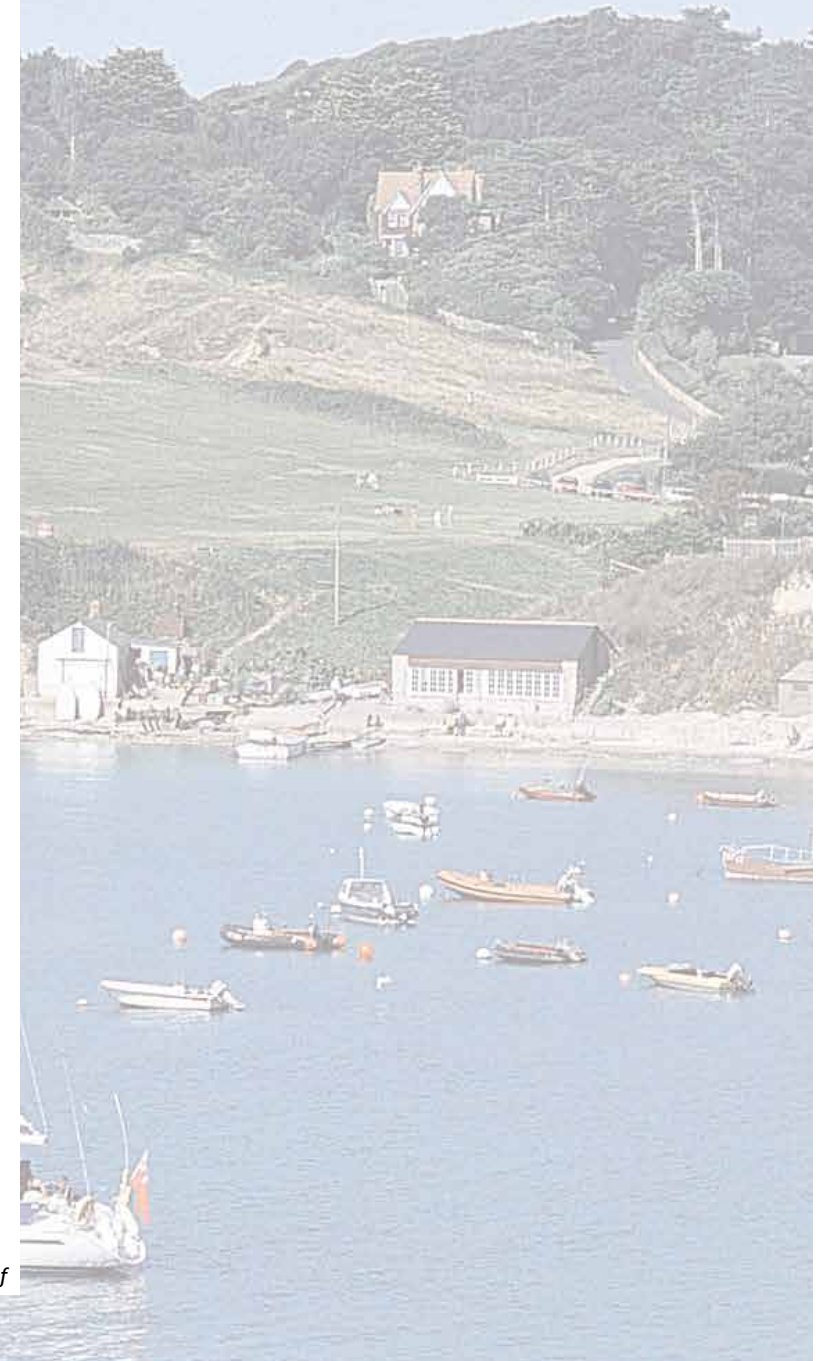

Section 2: Coombe Keynes to East Lulworth

- Free-wheeling down the hill you will see a row of brick cottages on your right with 'The Old Forge' on the end. This row is called 'Shaggs' - look out for the sign! At the bottom of the hill are the Dorset offices of Butterfly Conservation. Opposite the offices there is a splendid spreading oak tree, wider than it is tall **6**.
- Now climb up the hill on the other side until you reach the top where you'll see a large crenellated gate lodge, part of the Lulworth Castle Estate, on your right. The long brick wall continues!
- At the junction at the end of this road, turn left. Note the old black post box **7** in the opposite wall and the red phone box on the corner of the junction.

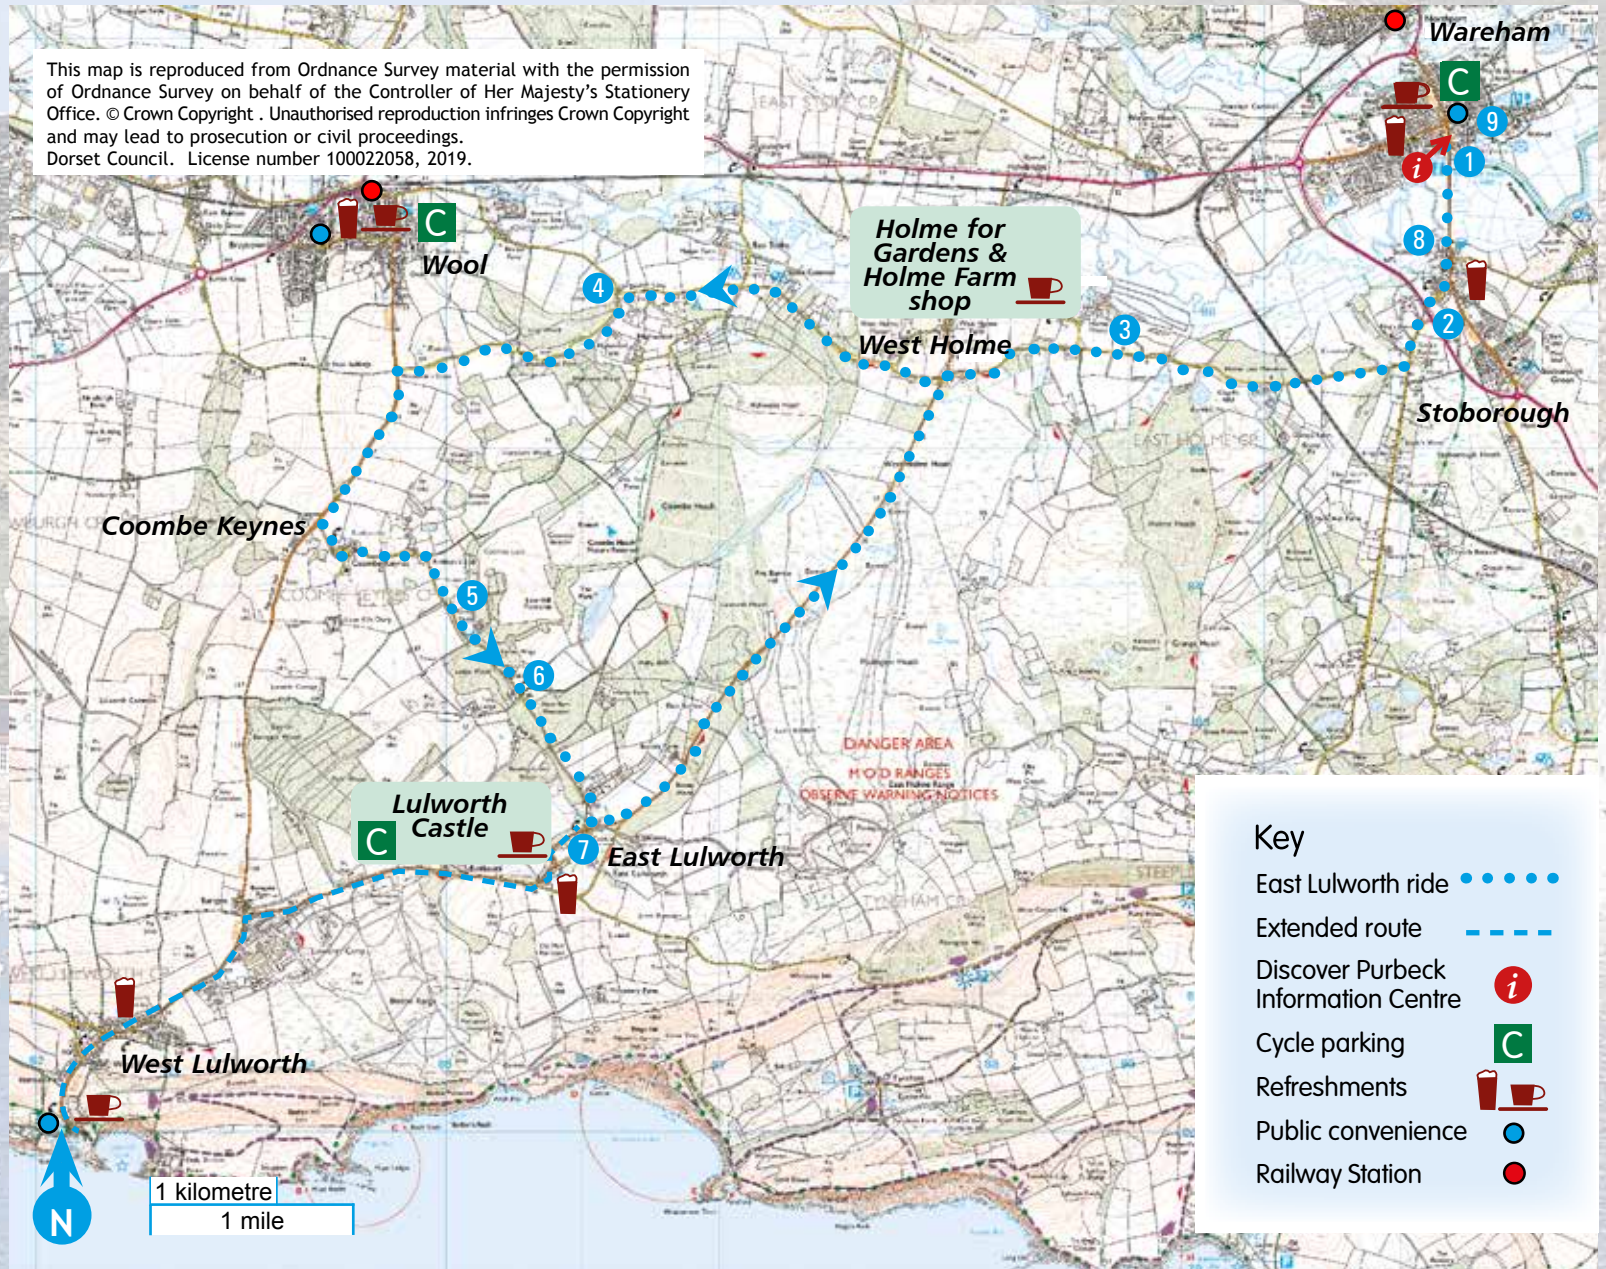

Detour to Lulworth Cove

- From point **7** by turning right at the junction, you can take a detour down to Lulworth Cove, adding another seven miles onto the route. **Please note there will be heavy traffic in the summer season and there is a long hill back up to East Lulworth.**

Lulworth Castle

Lulworth Castle was built as a hunting lodge in 1608 and has played host to seven monarchs. The castle was virtually destroyed by a fire in 1929, however the exterior has now been fully restored and the inside made safe for visitors. Close by is St Mary's chapel, the first free standing Roman Catholic chapel built in England, post reformation.
