1	At 3 above I collaborate with other self employed workers or volunteers over 1(b). Some live in the village, others outside. The activities benefit the environment and it is easy to earn income from them - and extremely difficult to earn a living or even achieve the National Minimum Wage. As a pensioner [and inter alia a freelance poet at 1(a)] I don't pretend to try and can't EMPLOY anybody. I train other enthusiasts.	5/28/2016 3:23 PM
2	My work does not require any assistant at present due to the scale of my business, however, I would consider taking employee locally in a future.	5/25/2016 10:28 PM
3	As our school is comparatively small, there are fewer possibilities for promotion. Therefore experienced and ambitious staff frequently find senior roles in other schools.	5/23/2016 5:01 PM
4	I don't know local skills	5/21/2016 4:51 PM

1	In order to maintain and encourage business to develop in Fontmell Magna purpose built premises would be a consideration	6/7/2016 3:12 PM
2	Public transport	6/7/2016 3:10 PM
3	Small business units, preferably in redundant agricultural buildings.	5/26/2016 10:20 PM
4	Narrow West Street especially at school delivery and collection times	5/23/2016 5:05 PM
5	The logistics of school transport and parking provide an ongoing problem for all involved We have capacity for another 46 pupils which generate a minimum of £92.000 income but because the schools tucked away and it is not easy for parents to drop off children, it puts them off	5/23/2016 5:01 PM
6	Easier public transport access to London / railway stations without need for a car.	5/21/2016 4:51 PM

3	With minimal promotion and marketing I find as much business as I want. There would be plenty of further work in and around the parish if I could persuade other enthusiasts to do likewise. Plenty of people say they care about the environment; 1(b) is considerably more profitable than either beekeeping or (for most people) golf.	5/28/2016 3:23 PM
4	We are not looking to expand, if we did we would probably move to redundant agricultural buildings within the Blackmore Vale, if this could be in Fontmell Magna then so much the better	5/26/2016 10:20 PM
5	There are other instrumental teachers who were here before me! Not willing to share their workbase. Very limited response compared to TW2 Twickenham where I taught before	5/23/2016 5:05 PM

1	It is a beautiful place not work! For the with school age children there is the capacity for them to be educated within arms reach and to be looked after between 7.45 and 5.30	5/23/2016 5:01 PM
2	Broadband and mobile signal plus professional business network and better transport links	5/21/2016 4:51 PM
3	Mobile network coverage is a major issue- I am unable to get a signal within the house despite being with the network which supposedly has the best coverage in the area! Broadband coverage is equally frustrating as the signal regular drops out if more than one devise is connecting. I run a training business, there is no suitable modern training space in the village which would enable me to set up and deliver training to businesses or individuals locally.	5/20/2016 9:53 AM
