## Minerals and Waste Policy officer comments

All of the details set out within this section are made by officers on behalf of Gloucestershire County Council in its capacity as the Mineral and Waste Planning Authority (MWPA): -

In general, the County Council can confirm that it considers this consultation request alongside previous correspondence between the two authorities, as evidence of ongoing co-operation on planning matters. This should be recognised as part of the wider evidence base to show that the statutory Duty-to-Cooperate requirements are being met. However, on this occasion GCC have no comments to make on the contents of the submission version Wareham Neighbourhood Plan
