

Examination of the Purbeck Local Plan (2018-2034)

Further to my letter dated 24 March 2021 requesting the Council recalculate the local housing need figure for Purbeck using the most up to date figures in the light of the advice in the Planning Practice Guidance, I acknowledge receipt of the Council's response providing that information.

I am currently awaiting the Council's response document to the representations submitted on the consultation on the proposed Main Modifications (MMs) to the Purbeck Local Plan and associated documents. In the light of this I intend to provide a view on how I propose to proceed on the matter of the up dated local housing need figure for Purbeck once I have had the opportunity to consider any other issues raised by the representations on the consultation on the proposed MMs and associated documents alongside the Council's response to these.

Beverley Doward

INSPECTOR
