✓	Make an observation

4. Please use the box below to give reasons for your support or objection, or to make your observation.

Please consider these further comments regarding the Charmouth Neighbourhood Plan consultation document. We advise that you take note of any relevant policies within the [South Marine Plan documents](#) in regard to areas within the that may impact upon the marine environment. Some examples of policies that may be relevant include: Seascape, Infrastructure, Employment, Heritage and Social. These are provided only as a recommendation and we suggest you make your own determination of which are relevant. Our policies can be referred to as a guide, demonstrating your regard to the marine plans, under the [Marine and Coastal Access Act, 2009](#). It is important to note that marine plan policies do not work in isolation, and decision-makers should consider a whole-plan approach.

You may consider mentioning the South Marine Plan when discussing coastal or marine themes - such as the discussion of Charmouth's Jurassic coastline within the AONB and the Jurassic Coast section. It could also be mentioned under the 'Habitats Regulations Assessment' section.

Should you require Marine Licences, please consider signposting to the Coastal Concordat. The Coastal Concordat requires each council to be signed up by 2021, as per the [25-Year Environment Plan](#):

"The government's 25 Year Environment Plan includes a commitment for all local authorities with a coastal interest in England to be signed up to the coastal concordat by 2021. The concordat will be periodically reviewed, as was done in 2018 and 2019 to monitor the progress of this commitment."

It is good to see that Dorset Council is signed up!

Many thanks for the opportunity to comment.
