4. Please use the box below to give reasons for your support or objection, or to make your observation.

An excellent document, comprehensive, well argued, well thought through.
Pleased to see recognition of the importance of Eagle Lodge bore hole & its importance as the principal water source. Wessex Water have expressed serious concerns about pollution, renewal of aquifers, treatment of sewerage, etc.
Also pleased to see inclusion of environmental policies, eg water meadows might be upgraded but that does not mean urbanization of footpaths,etc

Continue on a separate sheet if necessary

5. Please give details of any suggested modifications in the box below.

Access to public footpaths is a lot easier if kissing gates are used rather than stiles. Please could landowners be encouraged to phase out latter, perhaps with grants? There could be all sorts of incentives!!

Continue on a separate sheet if necessary
