

AIR QUALITY MANAGEMENT AREA ORDER

West Dorset District Council

Environment Act 1995 Part IV Section 83 (1)

Air Quality Management Order 2007

West Dorset District Council ("the Council") is satisfied that as a result of its air quality review and assessment dated September 2006, the air quality objective for nitrogen dioxide (NO₂ annual mean) as prescribed by the Air Quality (England) Regulations 2000 and (Amendment) Regulations 2002 has not been achieved by the relevant period (31st December 2005) in the area described below for reasons of the current and projected levels of nitrogen dioxide which exceed the objective levels set by the Regulations for that period.

The Council, in exercise of their powers conferred upon it by Section 83 (1) of the Environment Act 1995 hereby makes the following Order.

1. This Order may be referred to as the West Dorset District Council Air Quality Management Order 2007 and shall come into effect on *2nd May 2007*
2. The area shown on the attached Plan outlined in a thick black line is designated as an Air Quality Management Area ("the Designated Area"). The Designated Area incorporates the A35 within Chideock and any dwellings (listed for clarity in the attached Schedule) and their associated curtilage within a 15-meter distance from the centreline of the A35 carriageway.
3. This Order shall remain in force until it is varied or revoked by a subsequent Order.

Given under the seal of West Dorset District Council

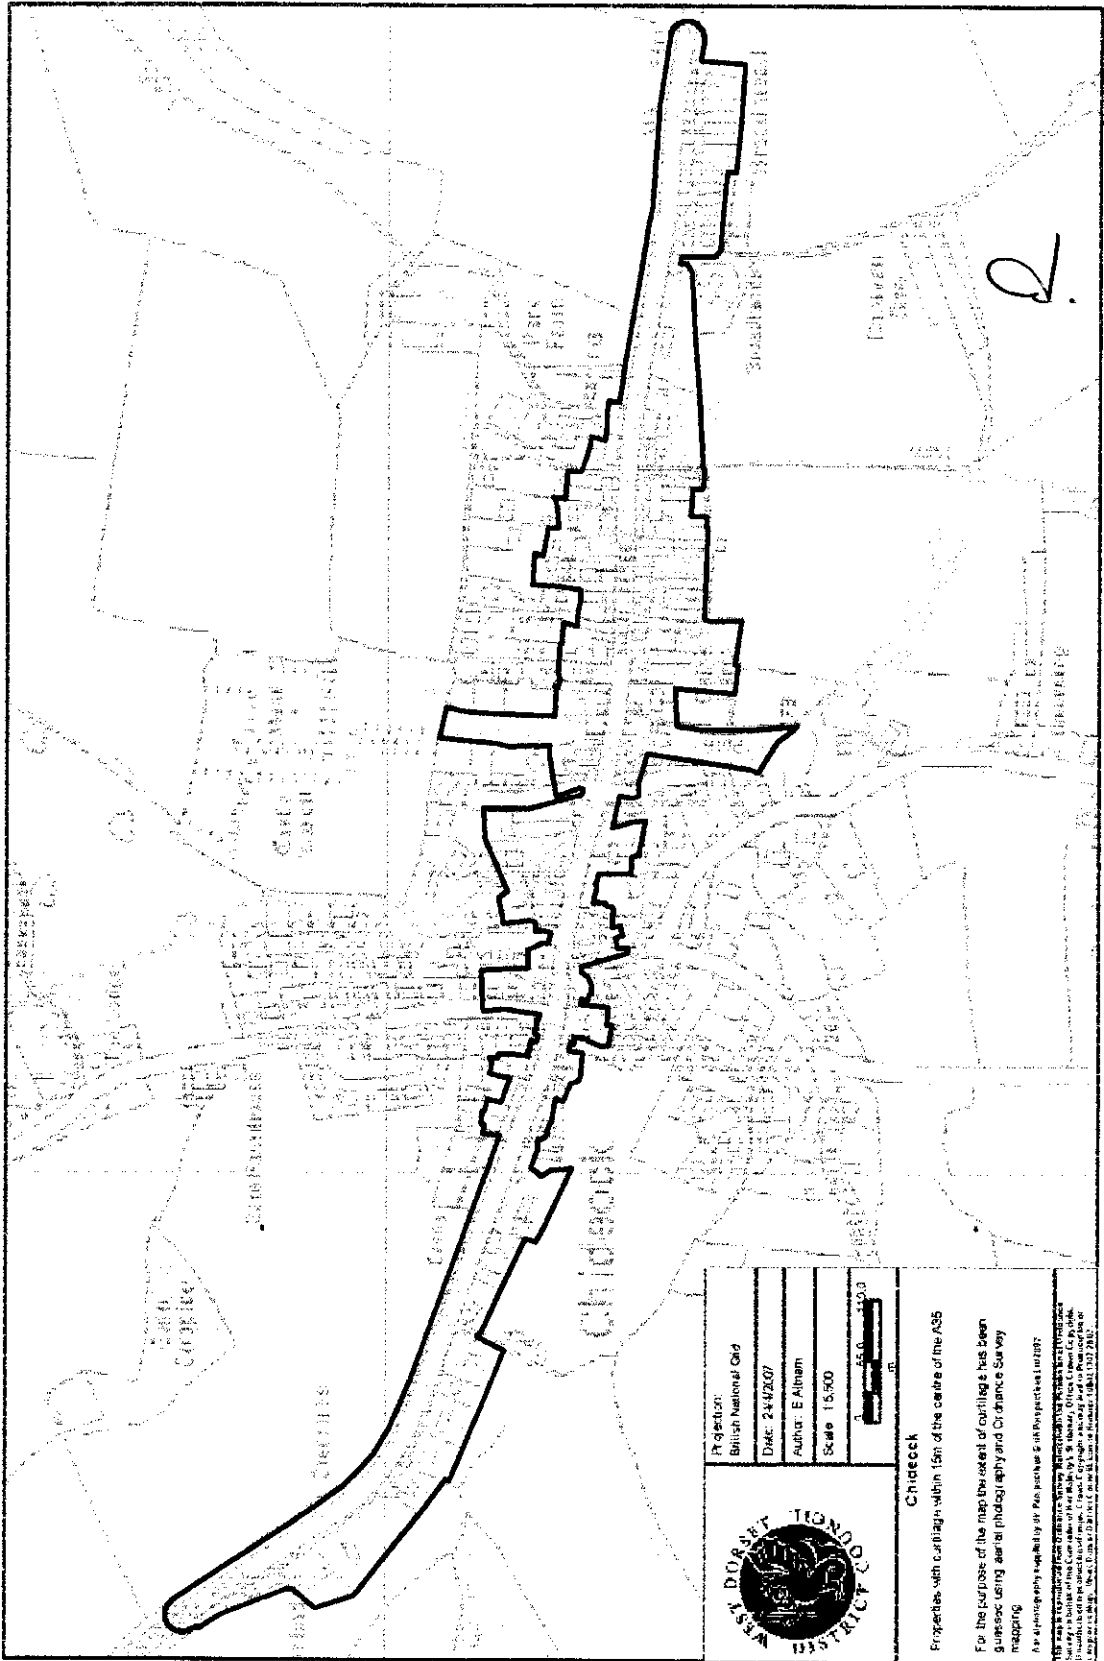

Dated this *2nd* day of *May* 2007
