Representations will only be accepted that refer to a change shown in the Schedule of Main Modifications, or to the Habitats Regulations Assessment Update or Addendum to Sustainability Appraisal.

Return to Purbeck District Council by Tuesday 31st July 2012

Late or anonymous representations will not be accepted. All representations received will be published on the Council's website, along with your name.

An example of a completed form is available on the Council's website.

Alternatively, if you would like help completing this form please contact the Planning Policy Team.

For further information, visit http://www.dorsetforyou.com/purbeck_consultation, email ldf@purbeck-dc.gov.uk or call 01929 557359 to speak to a member of the Planning Policy Team.

You should comment only on the Main Modifications, the Habitats Regulations Assessment Statement and/or the Addendum to the Sustainability Appraisal.

Responses on the above documents will be sent to the Planning Inspector. **Therefore, you do not need to repeat your previous comments or re-submit your previous representations.**

The Inspector will decide if further public hearing sessions are required as part of the examination process. All representations on matters of soundness will be fully considered by the Inspector. You may choose to request to appear at a public hearing to clarify your comments on the Main Modifications. Do you consider it necessary to participate at the oral part of the examination?

<input type="checkbox"/> No , I do not wish to participate at the oral examination	<input checked="" type="checkbox"/> Yes , I wish to participate at the oral examination
---	--

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary in the space below:

The National Farmers Union represents the interests of over 200 farmers and landowners across the area affected by the Purbeck Core Strategy. There are a number of amendments which will impact on our members businesses and it is essential that the views of our members are heard in this regard. Key areas include: offsetting increased nutrient loading in the catchment by changing land management on farmed areas; prevention of development of new camping areas which represent an important diversification for many farms and enable them to be sustainable; restrictions on the use of redundant buildings which could impact on farm modernisation and provision of rural services.

Please note that the Inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the oral part of the examination.

Signature Paul Cottington

Representations:

You are asked to comment on the Main Modifications to the Core Strategy, the Habitats Regulations Assessment Statement and/or the Addendum to the Sustainability Appraisal:

Part A: Legal Compliance – Has the **process** of preparing this Core Strategy been followed in accordance with national guidance?

Part B: Soundness – Is the **content** of the Core Strategy sound, in other words, is it 'justified', 'effective' and 'consistent with national policy'?

Please use the forms overleaf to submit your response.

FORM A: Your Comments on Legal Compliance

Are the Main Modifications to the Core Strategy legally compliant?

Given the importance of nitrogen neutral measures it would be helpful to detail some of these and note if they have any requirement or impact on agriculture.

The use of offsetting in these circumstances is new and therefore likely to be an area that will need to be carefully monitored. Our concern is that there should be no presumption that all farming is bad for the environment and that sustainable intensification is possible where appropriate measures are put in place.

Although there seem to be some opportunities with the use of agricultural land as offsetting by voluntary agreement there are a number of questions that arise. The modification does not give any detail on a number of areas including: What are the timeframes being worked to?; Is this an offsetting that would be in perpetuity? Would it be scrapped if the development does not go ahead? Is the landowner able to transfer the offset land to another holding that can deliver the same, if not increased, mitigation? How will relevant covenants be developed?

In addition we would like to have an understanding of which areas are being looked at. Has PBC drawn up a map showing areas that have potential for delivering the requisite nutrient

offsetting?

This is a comment that is relevant to all other modifications of this nature.

It is essential that provisions are made to allow farms to modernise and be more efficient. This could involve the reuse of buildings for modernising their farm business. In addition farms need to have effective succession plans in place. Part of this is based on the need for providing housing to allow the older generation to move out of the main farm house. This might involve the reuse of rural buildings for housing.

Paragraph 28 of the National Planning Policy Framework states:

“Planning policies should support economic growth in rural areas in order to create jobs and prosperity by taking a positive approach to sustainable new development. To promote a strong rural economy, local and neighbourhood plans should:

- *support the sustainable growth and expansion of all types of business and enterprise in rural areas, both through conversion of existing buildings and well-designed new buildings;*

- *promote the development and diversification of agricultural and other land-based rural businesses;*
- *support sustainable rural tourism and leisure developments that benefit businesses in rural areas, communities and visitors, and which respect the character of the countryside. This should include supporting the provision and expansion of tourist and visitor facilities in appropriate locations where identified needs are not met by existing facilities in rural service centres; and*
- *promote the retention and development of local services and community facilities in villages, such as local shops, meeting places, sports venues, cultural buildings, public houses and places of worship.*

There are a number of points within the NPPF that seem to have been missed especially the first bullet point and the point concerning supporting sustainable rural tourism.

Need to allow for new buildings. This might be for meeting regulatory requirements such as the Nitrate Directive 1991 where a farmer is required to build new slurry stores.

Suggested Alterations:

Please use the space below to give details of what alteration(s) you consider necessary to make the Main Modification to the Core Strategy sound and why. Please suggest revised wording (expand box as necessary).

Rural enterprise dwellings

One of the few circumstances in which new isolated residential development in the open countryside may be justified is when accommodation is required to enable rural enterprise workers to live at, or close to, their place of work. Whether this is essential in any particular case will depend on the needs of the rural enterprise concerned and not on the personal preference or circumstances of any of the individuals involved. Applications for planning permission for new rural enterprise dwellings will be carefully assessed to ensure that a departure from the usual policy of restricting development in the open countryside can be fully justified by reference to robust supporting evidence.

Rural enterprise dwellings include:

- A new dwelling on an established rural enterprise (including farms) where there is a functional need for a full time worker and the business case demonstrates that the employment is likely to remain financially sustainable.
- A second dwelling on an established farm which is financially sustainable, to facilitate the handover of the management of the farm business to a younger farmer.
- A second dwelling on an established farm which is financially sustainable, where there is a functional need for a further 0.5 or more of a full time worker and at least 50% of the annual salary for a person on the minimum wage, is obtained from the farm business.
- A new dwelling on a new rural enterprise where there is a functional need for a full time worker

Guidance Note for Completing Representation Form

1. Introduction

- 1.1 Consultation on the Main Modifications to the Core Strategy is made as part of the examination process and responses will be considered by the Planning Inspector. The Planning and Compulsory Purchase Act 2004¹ (the 2004 Act) states that the purpose of the examination is to consider whether the Core Strategy complies with the legal requirements and is **'sound'**.
- If you are seeking to make representations on the **way** in which the Council has prepared the Core Strategy it is likely that your comments or objections will relate to a matter of **legal compliance**.
 - If it is the **actual content** on which you wish to comment or object it is likely it will relate to whether the Core Strategy is **justified, effective or consistent with national policy**.

2. Legal Compliance

- 2.1 The Inspector will first check that the Core Strategy meets the legal requirements under s20(5)(a) of the 2004 Act before moving on to test for soundness. You should consider the following before making a representation on legal compliance:
- The Core Strategy should be within the current Local Development Scheme² (LDS) and the key stages should have been followed. The LDS is effectively a programme of work prepared by the Council, setting out the plans it proposes to produce over a 3 year period. It will set out the key stages in the production of the Core Strategy which the Council proposes to bring forward for independent examination. If the Core Strategy is not in the current LDS it should not have been published for representations.
 - The process of community involvement for the DPD in question should be in general accordance with the Council's Statement of Community Involvement (SCI)³. The SCI is a document which sets out the Council's strategy for involving the community in the preparation and revision of its plans, including the Core Strategy.
 - The Core Strategy should comply with the Town and County Planning (Local Development) (England Regulations) 2004 as amended⁴. Prior to submission the Council must publish the documents prescribed in the regulations, and make them available at their principal offices and their website. The Council must also place local advertisements and notify the statutory bodies (as set out in the regulations) and any persons who have requested to be notified.
 - The Council is required to publish a Sustainability Appraisal report prior to submitting the Core Strategy. This should identify the process by which the Sustainability Appraisal has been carried out, and the baseline information used to inform the process and the outcomes of that process. Sustainability Appraisal is a tool for appraising policies to ensure they reflect social, environmental, and economic factors.
 - The Core Strategy should have regard to national policy set out in Planning Policy Statements/Guidance and Circulars⁵.

⁵ <http://www.planningportal.gov.uk/planning/planningpolicyandlegislation/currentenglishpolicy>

- The Core Strategy must have regard to any Sustainable Community Strategy (SCS) for its area (i.e. county and district). These are the Purbeck Community Plan 2009-2020⁶ and The Community Strategy for Dorset (2007-2016)⁷.

3. Soundness

3.1 To be sound a Core Strategy should be:

- **Justified**

This means that the Core Strategy should be founded on a robust and credible evidence base involving:

- Evidence of participation of the local community and others having a stake in the area
- Research/fact finding: the choices made in the plan are backed up by facts

The Core Strategy should also provide the most appropriate strategy when considered against reasonable alternatives. These alternatives should be realistic and subject to sustainability appraisal. The Core Strategy should show how the policies and proposals help to ensure that the social, environmental, economic and resource use objectives of sustainability will be achieved.

- **Effective**

This means the Core Strategy should be deliverable, embracing:

- Sound infrastructure delivery planning
- Having no regulatory or national planning barriers to delivery
- Delivery partners who are signed up to it
- Coherence with the strategies of neighbouring authorities

The Core Strategy should also be flexible and able to be monitored by:

- Indicating who is to be responsible for making sure that the policies and proposals happen and when they will happen.
- Being flexible to deal with changing circumstances, which may involve minor changes to respond to the outcome of the monitoring process or more significant changes to respond to problems such as lack of funding for major infrastructure proposals. Although it is important that policies are flexible, the Core Strategy should make clear that major changes may require a formal review including public consultation.
- Ensuring that any measures which the Council has included to make sure that targets are met are clearly linked to an Annual Monitoring Report. This report must be produced each year by all local authorities and will show whether the Core Strategy needs amendment. The monitoring framework is in Appendix 3 of the Core Strategy.

- **Consistent with national policy**

The Core Strategy should be consistent with national policy. Where there is a departure, the Council must provide clear and convincing reasoning to justify their approach. Conversely, you may feel the Council should include a policy or policies which would depart from national policy to some degree in order to meet a clearly identified and fully justified local need, but they have not done so. In this instance it will be important for you to say in your representations what the local circumstances are that justify a different policy approach to that in national policy and support your assertion with evidence.

⁷ <http://www.dorsetforyou.com/dorsetcommunitystrategy> and can be viewed at District Council offices

- 3.2 If you think the content of a Core Strategy is not sound because it does not include a policy where it should do, you should go through the following steps before making representations:
- Is the issue with which you are concerned already covered specifically by any national planning policy? If so it does not need to be included.
 - Is what you are concerned with covered by any other policies in the Core Strategy on which you are seeking to make representations or in any other part of the Purbeck Local Plan⁸. There is no need for repetition between documents in the Local Plan.
 - If the policy is not covered elsewhere, in what way is the Core Strategy unsound without the policy and what should the policy say?

4. General advice

- 4.1 The modifications are set out in the Schedule of Main Modifications. You can only comment on these, or the Habitats Regulations Assessment Statement, or the Addendum to the Sustainability Appraisal. Comments should not be made on text that has not been modified.
- 4.2 Form A is for comments on Legal Compliance and should only be completed once. You should only comment on whether the preparation of the Proposed Changes to the Core Strategy is legally compliant, rather than commenting on earlier versions.
- 4.3 Form B is for comments on Soundness. You should complete a separate form for each proposed change. You will need to state whether each change is sound or not. If you seek to amend the Core Strategy, you should support your comments with evidence as to why it should be altered and provide alternative wording. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
- 4.2 Where there are groups who share a common view on how they wish to see a Core Strategy changed, it would be very helpful for that group to send a single representation which represents the view, rather than for a large number of individuals to send in separate representations which repeat the same points. In such cases the group should indicate how many people it is representing and how the representation has been authorised.
- 4.3 Further detailed guidance on the preparation, publication and examination of Core Strategies is provided in The Plan Making Manual⁹.

'Planning Purbeck's Future': Main Modifications to the Core Strategy Statement of Representations Procedure

The Purbeck Core Strategy will replace the Purbeck District Local Plan Final Edition (2004) as the strategic planning document. The Council submitted the Core Strategy for Examination in January 2012 and public hearings were held during May 2012. A number of issues have been raised, requiring some further amendment to the Core Strategy. These amendments are set out in the following consultation documents: Schedule of Main Modifications, Habitats Regulations Assessment Statement and Addendum to the Sustainability Appraisal (June 2012).

Subject Matter and Area Covered by the Document

Covering the period 2006-2027 the Core Strategy determines the location and distribution of new development across Purbeck District, allocating three strategic housing sites at Lytchett Matravers, Wareham and Upton. It also contains development management policies that will be used to determine planning applications.

Period for Representations

The consultation period begins **19th June 2012**. Representations received after **31st July 2012** will not be accepted. Representations should be made on the official response form, and sent to ldf@purbeck-dc.gov.uk, or by post to *Planning Policy, Purbeck District Council, Westport House, Worgret Road, Wareham, Dorset, BH20 4PP*, or fax to 01929 557348.

Please note that we will only accept representations referring to the changes shown in the 'Schedule of Main Modifications' and with the correct reference number (e.g. MM1).

The Council will forward all representations to the Inspector, there is no need to re-submit previous representations. Responses will be published.

If you wish to continue to be contacted on planning policy matters following the completion of the Examination of the Core Strategy, and/or when the inspector's report is published, and/or when the Core Strategy is adopted, please complete the attached form to confirm.

Consultation Arrangements

All consultation documents and response forms are available to view on the council's website (http://www.dorsetforyou.com/purbeck_consultation) and at the council's offices (Mon-Thurs 8:45am-4:45pm, and Fri 8:45am-4:15pm). Hard copies of the consultation documents can be purchased for £10 inc. P&P. There is no charge for the response forms.

A hard copy of the **Main Modifications to the Purbeck Core Strategy** is also available for inspection at: **Corfe Castle Library**, East Street, Corfe Castle (Mon 2.30pm-4:30pm, Wed 4:30pm-6.30pm, Sat 10am-12pm), **Dorchester Library**, Colliton Park, Dorchester (Mon 10am-5.30pm, Tue 9:30am-7pm, Wed 9:30am-1pm, Thu 9:30am-5.30pm, Fri 9:30am-7pm, Sat 9am-4pm), **Lytchett Matravers Library**, High Street, Lytchett Matravers (Mon 9.30am-1pm/2pm-5pm, Tue 2pm-5pm, Thu 9.30am-1pm, Fri 2pm-7pm, Sat 9.30am-12:30pm), **Poole Central Library**, Dolphin Centre, Poole (Mon-Fri 9am-6pm, Sat 9am-5pm), **Upton Library**, Corner House, Upton Cross, Poole (Mon 2pm-5pm, Tue 9:30am-12.30pm, Wed 9:30am-12.30pm/2pm-6.30pm, Fri 2pm-5pm, Sat 9am-12:30pm), **Lytchett Minster & Upton Town Council**, 1 Moorland Parade, Moorland Way, Upton (Mon-Thu 9am-12.30pm), **Swanage Library**, High Street, Swanage (Mon 10am-6.30pm, Wed 9:30am-5pm, Fri 9:30am-5pm, Sat 9.30am-4pm), **Swanage Town Council**, Town Hall, High Street, Swanage (Mon-Fri 10pm-1pm/2pm-4pm), **Wareham Library**, South Street, Wareham (Mon 10am-5pm, Tue 2pm-6.30pm, Thu 9:30am-5pm, Fri 9:30am-5pm, Sat 9am-12:30pm), **Wareham Town Council**, Town Hall, Wareham (Mon-Fri 10pm-1pm), **Wool Library**, D'Urberville Centre, Colliers Lane, Wool (Tue 3pm-6pm, Thu 10am-12pm, Sat 10am-12pm).

Whilst the NFU and its' members understand the importance of the Natura 2k network and the legal requirement to protect it, it would appear that the modification has gone beyond what is required by the Habitats Directive 1992 for these sites to be maintained or, where necessary, restored at a favourable conservation status (Article 3 (1)). Should a landowner wish to develop a campsite or other residential dwellings then they should be afforded the opportunity to do so having made appropriate assessment via the Habitat Regualtions Assessment (as laid out in the Habitats Regulation 2006) or where required via the use of Environmental Impact Assessments.

A blanket ban is nto the approach to be taken. There are a large numebr of farms within the 400m and in some cases they will need to create new accomodation to meet the needs of both the farm and to allow succession to occur. These new homes will not lead to a deterioration in the status of N2K sites and will in fact help to improve their status by allowing for additional people to help in their management.

Tourism activities are an important area for farms to diversify into. In many instances these can be developed in a way which prevents any additional pressure on fragile ecosystems. As with all other developments there should be an opportunity to carry out appropriate assessments and where necessary to suggest ways of mitigating any damage.

Dorset AONB is the fifth largest (out of 41) , covering 1,129 square kilometres. Approximately 85 % of the landscape is farmed and as the Dorset AONB management plan recognises the viability of farming, especially dairy, is concerning. Many farms do not make a sufficient income from CAP support and commodities alone and must therefore diversify. They will do this based on the assets they have and will look to create business units where these meet a need and camping and tourism where they will be able to attract customers.

A blanket restriction of no new planning approvals up to 2027 in the AONB and Green Belt will affect the viability of both the agricultural sector and the area as a whole.

The indicator of no new touring or static caravan sites by 2027 is not only contrary to other modifications in the core strategy but affects the rights of landowners to peacefully enjoy their property as is laid out in the Human Rights Act 1998.

Whilst we can understand that there are pressures from tourism on fragile ecosystems this should be managed through the use of impact assessments and appropriate mitigation where necessary and a blanket ban is not the right approach.

Comment has already been made in our submission on the Core Strategy and the reuse of

farm buildings and in particular concerning the NPPF and paragraph 28. The detail from the policy is:

"support sustainable rural tourism and leisure developments that benefit businesses in rural areas, communities and visitors, and which respect the character of the countryside. This should include supporting the provision and expansion of tourist and visitor facilities in appropriate locations where identified needs are not met by existing facilities in rural service centres; and"

It is possible for new campsites to be developed that do respect the character of the countryside. Applicants should be given an opportunity to prove how they will do this rather than the authority taking a blanket ban approach.

In addition the authorities review of campsites using the 28 day rule could mean that some of the existing provision of tourist and visitor facilities is stopped. Those that would then have to look for planning permission would find that this is not an option that is available to them and an important part of their farm business model is lost making their farm unsustainable. This is a position that not only affects the farm but the area as a whole.
