Representations will only be accepted that refer to a change shown in the Schedule of Main Modifications, or to the Habitats Regulations Assessment Update or Addendum to Sustainability Appraisal.

## Return to Purbeck District Council by Tuesday 31<sup>st</sup> July 2012

Late or anonymous representations will not be accepted. All representations received will be published on the Council's website, along with your name.

An example of a completed form is available on the Council's website.

Alternatively, if you would like help completing this form please contact the Planning Policy Team.

For further information, visit http://www.dorsetforyou.com/purbeck\_consultation, email Idf@purbeck-dc.gov.uk or call 01929 557359 to speak to a member of the Planning Policy Team.

You should comment only on the Main Modifications, the Habitats Regulations Assessment Statement and/or the Addendum to the Sustainability Appraisal.

Responses on the above documents will be sent to the Planning Inspector. **Therefore, you do not need to repeat your previous comments or re-submit your previous representations.** 

The Inspector will decide if further public hearing sessions are required as part of the examination process. All representations on matters of soundness will be fully considered by the Inspector. You may choose to request to appear at a public hearing to clarify your comments on the Main Modifications. Do you consider it necessary to participate at the oral part of the examination?

<b>No</b> , I do not wish to participate at the oral examination	x Yes, I wish to participate at the oral examination

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary in the space below:

I am not sure that the Inspector has fully considered the impact of the new National Planning Policy Framework, in respect of Policy SD: Presumption in Favour of Sustainable Development. Given the shortage of suitable development land within Purbeck due to conservation constraints and transport links why does PDC continue to exclude "Other Villages without Settlement Boundaries" as locations for suitable development, but continues to treat them as open Countryside. The Council cannot on the one hand express concern about meeting its housing targets due to its environmental constraints (AONB, SAC, SPA etc) and on the other arbitrarily exclude 10 villages within Purbeck from applying for sustainable development schemes. Especially as some of those villages have good access to major transport routes such as the A31 and A35 and have little or no environmental constraints.

Please note that the Inspector will determine the most appropriate procedure to hear those who have indicated that they wish to participate at the oral part of the examination.

#### **Representations:**

You are asked to comment on the Main Modifications to the Core Strategy, the Habitats Regulations Assessment Statement and/or the Addendum to the Sustainability Appraisal:

**Part A: Legal Compliance –** Has the **process** of preparing this Core Strategy been followed in accordance with national guidance?

**Part B: Soundness** – Is the **content** of the Core Strategy sound, in other words, is it 'justified', 'effective' and 'consistent with national policy'

Please use the forms overleaf to submit your response.

The Local Plan makes provision for 2,520 dwellings between 2006 and 2027. The Council by its own admission admits that it will struggle to meet this target due to the considerable constraints imposed in Purbeck by European protected nature conservation sites and poor transport links. However the Council has not as I understand it, completed a proper study to see if including "Other Villages without a Settlement Boundary" as areas for new development along with "Other villages with a Settlement Boundary" would improve the allocation of potential new development sites and still protecting European protected nature conservation sites. Treating "Other Villages without a Settlement Boundary" as open countryside is further restricting land availability.

Policy LD: General Location of Development creates a settlement hierarchy for concentrating new developments within Purbeck. This is an overall sound methodology which prioritises Towns over Villages and tiers Villages accordingly. Where I take issue with the policy in MM7 is to assume "Other Villages without a Settlement Boundary" should be treated as countryside. Given the very tight environmental and transport conditions in Purbeck and the need to meet housing targets why are these villages being excluded from potential development sites? In addition does the exclusion of "Other villages without a Settlement Boundary" from potential development sites run contrary to National planning Policy with its presumption in favour of sustainable development? On what basis was the distinction made between "Other villages with a Settlement Boundary" and has that been tested against the new national planning policy?			
		nt Boundary" versus "Other villages withou based upon historic legacies and not the	t

realities of modern planning constraints imposed by cultural, environmental and transport issues.

For example under the proposed Policy LD you would be able to build in Briantspuddle (population 200 in 2001) or Kimmeridge (which has a population of 110 in 2001 and is in the world heritage site) and yet you cannot build in Bloxworth (population 187 in 2001) which has good transport links and very few environmental constraints or Affpuddle which has twice the population of Briantspuddle.

By excluding "Other villages without a Settlement Boundary" as potential Development locations you are creating the following problems:

- 1. You are excluding 10 villages from providing potential development sites in Purbeck an area with very tight planning constraints.
- 2. You are condemning "Other villages without a Settlement Boundary" to becoming "second tier" villages as they will not be allowed to grow and prosper and create a sense of community.
- 3. You will force up the price of houses in "Other villages without a Settlement Boundary" as the absence of new housing stock will only make existing housing stock more expensive and even more unaffordable for local people.
- 4. Under proposed Policy LD, the only possibility for building in "Other villages without a Settlement Boundary" would be for rural exception sites with little scope to build other than affordable homes with only a minimum of open market housing to subsidise the affordable housing. This would inevitably led to little or no housing (affordable or otherwise) being built in these villages.

#### Suggested Alterations:

Please use the space below to give details of what alteration(s) you consider necessary to make the Main Modification to the Core Strategy sound and why. Please suggest revised wording (expand box as necessary).

Due to the reasons stated above I would propose amending Policy LD as follows:

- 1. I would maintain the settlement hierarchy as stated in MM7 Policy LD
- However I would not exclude Other villages without a Settlement Boundary from the scope for new developments and word amend the wording as follows;
  *"New developments should be concentrated within the settlement boundary of the Towns,*

New developments should be concentrated within the settlement boundary of the Towns, Key Service Villages, Local Service Villages, Other villages with a Settlement Boundary and Other villages without a Settlement Boundary. Where Other villages without a Settlement Boundary have no defined settlement boundary at present, the Council and local communities will prepare the necessary settlement boundaries as part of subsequent local plans [to be implemented by a certain time 2014 in order to include these villages within the lifetime of the current Purbeck Local Plan]. New retail development must be concentrated within town centres or local centres as shown on the proposal map"

3. Also I would delete the sentence (including Other villages without a Settlement Boundary) in reference to what is classed as 'countryside'

## Guidance Note for Completing Representation Form

#### 1. Introduction

- 1.1 Consultation on the Main Modifications to the Core Strategy is made as part of the examination process and responses will be considered by the Planning Inspector. The Planning and Compulsory Purchase Act 2004<sup>1</sup> (the 2004 Act) states that the purpose of the examination is to consider whether the Core Strategy complies with the legal requirements and is **'sound'**.
  - If you are seeking to make representations on the *way* in which the Council has prepared the Core Strategy it is likely that your comments or objections will relate to a matter of *legal compliance*.
  - If it is the *actual content* on which you wish to comment or object it is likely it will relate to whether the Core Strategy is *justified, effective or consistent with national policy*.

#### 2. Legal Compliance

- 2.1 The Inspector will first check that the Core Strategy meets the legal requirements under s20(5)(a) of the 2004 Act before moving on to test for soundness. You should consider the following before making a representation on legal compliance:
  - The Core Strategy should be within the current Local Development Scheme<sup>2</sup> (LDS) and the key stages should have been followed. The LDS is effectively a programme of work prepared by the Council, setting out the plans it proposes to produce over a 3 year period. It will set out the key stages in the production of the Core Strategy which the Council proposes to bring forward for independent examination. If the Core Strategy is not in the current LDS it should not have been published for representations.
  - The process of community involvement for the DPD in question should be in general accordance with the Council's Statement of Community Involvement (SCI)<sup>3</sup>. The SCI is a document which sets out the Council's strategy for involving the community in the preparation and revision of its plans, including the Core Strategy.
  - The Core Strategy should comply with the Town and County Planning (Local Development) (England Regulations) 2004 as amended<sup>4</sup>. Prior to submission the Council must publish the documents prescribed in the regulations, and make them available at their principal offices and their website. The Council must also place local advertisements and notify the statutory bodies (as set out in the regulations) and any persons who have requested to be notified.
  - The Council is required to publish a Sustainability Appraisal report prior to submitting the Core Strategy. This should identify the process by which the Sustainability Appraisal has been carried out, and the baseline information used to inform the process and the outcomes of that process. Sustainability Appraisal is a tool for appraising policies to ensure they reflect social, environmental, and economic factors.
  - The Core Strategy should have regard to national policy set out in Planning Policy Statements/Guidance and Circulars<sup>5.</sup>

- <sup>2</sup> <u>http://www.dorsetforyou.com/lds/purbeck</u> and can be viewed at District Council offices
- <sup>3</sup> http://www.dorsetforyou.com/sci/purbeck and can be viewed at District Council offices
- <sup>4</sup> <u>http://www.opsi.gov.uk/si/si2004/20042204.htm</u> (2004 regulations) and
- http://www.opsi.gov.uk/si/si2008/pdf/uksi\_20081371\_en.pdf (2008 amending regulations)

<sup>&</sup>lt;sup>1</sup> http://www.opsi.gov.uk/ACTS/acts2004/ukpga\_20040005\_en\_1

<sup>&</sup>lt;sup>5</sup> <u>http://www.planningportal.gov.uk/planning/planningpolicyandlegislation/currentenglishpolicy</u>

 The Core Strategy must have regard to any Sustainable Community Strategy (SCS) for its area (i.e. county and district). These are the Purbeck Community Plan 2009-2020<sup>6</sup> and The Community Strategy for Dorset (2007-2016)<sup>7</sup>.

#### 3. Soundness

3.1 To be sound a Core Strategy should be:

#### • Justified

This means that the Core Strategy should be founded on a robust and credible evidence base involving:

- Evidence of participation of the local community and others having a stake in the area

- Research/fact finding: the choices made in the plan are backed up by facts

The Core Strategy should also provide the most appropriate strategy when considered against reasonable alternatives. These alternatives should be realistic and subject to sustainability appraisal. The Core Strategy should show how the policies and proposals help to ensure that the social, environmental, economic and resource use objectives of sustainability will be achieved.

#### • Effective

This means the Core Strategy should be <u>deliverable</u>, embracing:

- Sound infrastructure delivery planning
- Having no regulatory or national planning barriers to delivery
- Delivery partners who are signed up to it
- Coherence with the strategies of neighbouring authorities

The Core Strategy should also be <u>flexible</u> and able to be <u>monitored by:</u>

- Indicating who is to be responsible for making sure that the policies and proposals happen and when they will happen.
- Being flexible to deal with changing circumstances, which may involve minor changes to respond to the outcome of the monitoring process or more significant changes to respond to problems such as lack of funding for major infrastructure proposals. Although it is important that policies are flexible, the Core Strategy should make clear that major changes may require a formal review including public consultation.
- Ensuring that any measures which the Council has included to make sure that targets are met are clearly linked to an Annual Monitoring Report. This report must be produced each year by all local authorities and will show whether the Core Strategy needs amendment. The monitoring framework is in Appendix 3 of the Core Strategy.

#### • Consistent with national policy

The Core Strategy should be consistent with national policy. Where there is a departure, the Council must provide clear and convincing reasoning to justify their approach. Conversely, you may feel the Council should include a policy or policies which would depart from national policy to some degree in order to meet a clearly identified and fully justified local need, but they have not done so. In this instance it will be important for you to say in your representations what the local circumstances are that justify a different policy approach to that in national policy and support your assertion with evidence.

<sup>&</sup>lt;sup>6</sup> <u>http://www.dorsetforyou.com/media.jsp?mediaid=149032&filetype=pdf</u> and can be viewed at District Council offices

- 3.2 If you think the content of a Core Strategy is not sound because it does not include a policy where it should do, you should go through the following steps before making representations:
  - Is the issue with which you are concerned already covered specifically by any national planning policy? If so it does not need to be included.
  - Is what you are concerned with covered by any other policies in the Core Strategy on which you are seeking to make representations or in any other part of the Purbeck Local Plan<sup>8</sup>. There is no need for repetition between documents in the Local Plan.
  - If the policy is not covered elsewhere, in what way is the Core Strategy unsound without the policy and what should the policy say?

#### 4. General advice

- 4.1 The modifications are set out in the Schedule of Main Modifications. You can only comment on these, or the Habitats Regulations Assessment Statement, or the Addendum to the Sustainability Appraisal. Comments should not be made on text that has not been modified.
- 4.2 Form A is for comments on Legal Compliance and should only be completed once. You should only comment on whether the preparation of the Proposed Changes to the Core Strategy is legally compliant, rather than commenting on earlier versions.
- 4.3 Form B is for comments on Soundness. You should complete a separate form for each proposed change. You will need to state whether each change is sound or not. If you seek to amend the Core Strategy, you should support your comments with evidence as to why it should be altered and provide alternative wording. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
- 4.2 Where there are groups who share a common view on how they wish to see a Core Strategy changed, it would be very helpful for that group to send a single representation which represents the view, rather than for a large number of individuals to send in separate representations which repeat the same points. In such cases the group should indicate how many people it is representing and how the representation has been authorised.
- 4.3 Further detailed guidance on the preparation, publication and examination of Core Strategies is provided in The Plan Making Manual<sup>9.</sup>

Main Modifications to the Core Strategy June-July 2012

#### 'Planning Purbeck's Future': Main Modifications to the Core Strategy Statement of Representations Procedure

The Purbeck Core Strategy will replace the Purbeck District Local Plan Final Edition (2004) as the strategic planning document. The Council submitted the Core Strategy for Examination in January 2012 and public hearings were held during May 2012. A number of issues have been raised, requiring some further amendment to the Core Strategy. These amendments are set out in the following consultation documents: Schedule of Main Modifications, Habitats Regulations Assessment Statement and Addendum to the Sustainability Appraisal (June 2012).

#### Subject Matter and Area Covered by the Document

Covering the period 2006-2027 the Core Strategy determines the location and distribution of new development across Purbeck District, allocating three strategic housing sites at Lytchett Matravers, Wareham and Upton. It also contains development management policies that will be used to determine planning applications.

#### **Period for Representations**

The consultation period begins **19th June 2012**. Representations received after **31<sup>st</sup> July 2012** will not be accepted. Representations should be made on the official response form, and sent to <a href="https://ldf@purbeck-dc.gov.uk">ldf@purbeck-dc.gov.uk</a>, or by post to *Planning Policy*, *Purbeck District Council*, *Westport House*, Worgret Road, Wareham, Dorset, BH20 4PP, or fax to 01929 557348.

Please note that we will only accept representations referring to the changes shown in the 'Schedule of Main Modifications' and with the correct reference number (e.g. MM1).

The Council will forward all representations to the Inspector, there is no need to re-submit previous representations. Responses will be published.

If you wish to continue to be contacted on planning policy matters following the completion of the Examination of the Core Strategy, and/or when the inspector's report is published, and/or when the Core Strategy is adopted, please complete the attached form to confirm.

#### **Consultation Arrangements**

All consultation documents and response forms are available to view on the council's website (<u>http://www.dorsetforyou.com/purbeck\_consultation</u>) and at the council's offices (Mon-Thurs 8:45am-4:45pm, and Fri 8:45am-4:15pm). Hard copies of the consultation documents can be purchased for £10 inc. P&P. There is no charge for the response forms.
