General comments: In order to support community infrastructure, the Core Strategy should create policies that ensure that new development contributes towards the upggrade/upkeep of existing community facilities, or makes provision for new facilities. The Core Strategy can best support community development at the Sheiling Trust Ashley Estate by identifying the site as a major developed site within the greenbelt and adopting appropriate planning policies which permit the development of additional community facilities for which there is a demand

General comments:	Again the text moves directly from the regional context to the Christchurch and East Dorset Community Strategy information. Whilst referring to Every Child Matters the document omits reference to the relevant policy framework for Christchurch and East Dorset on these issues which is the Children and Young People's Plan. It would also be helpful to explain that the governance of this is through the Dorset Strategic Partnership Children and Young People's Partnership Board.

There has been no reference to the Dorset Strategic Partnership. However, the cultural priorities published in Shaping Our Future, the Community Strategy for Dorset will support and impact on the development of culture in Christchurch and East Dorset. We wish and need to work together to deliver those priorities for the benefit of all communities in the county.

Response:

General comments: This issue could be separated from community services and included with Theme 13 as cultural matters include sport and leisure according to the DCMS definition of Culture.
It is important that local authorities carry out thorough and rigorous assessments of need for open space, sport, recreation, theatre and cultural facilities in line with PPG17 to reflect local distinctiveness. Efforts should be made to ensure that young people and other hard to reach groups are engaged in discussions about the use of space and community design and opportunities for the provision of combined cultural activity spaces should be explored.
Your local cultural facilities should be protected and enhanced through Core Strategy policies, with provision for new or improved facilities made to ensure the health and well-being of the population. Major new developments, such as mixed use areas and urban extensions, should include plans for local cultural facilities to ensure the population have the capacity to reap the health and social benefits which accrue from participation in regular cultural activities.
For clarity a description of 'community facilities' should be included either in the text or in a Glossary and we recommend community facilities provide for the health, welfare, social, educational, leisure and cultural needs of the community.
Cultural facilities include a range of uses that would add greater diversity to the cultural scene, such as concert and theatre venues; artists studios; street events; public art; community music and dance venues; galleries, and facilities for film and digital media.

General comments: Increase number of medical practices. Current ones are overwhelmed - eg Highcliffe - & will only get worse when more flats are built. Don't close down youth clubs - eg Highcliffe. The frequency of buses has been drastically reduced recently so all of us will continue to use our cars. A much better frequent train service from Hinton Admiral is needed. ALLTHESE SERVICES NEED TO BE AFFORDABLE !!!
