	If housing need is to be addressed then peripheral greenfield sites are more likely to be able to deliver a higher level of affordable housing. If however there is an additional levy on top of that then either developers will negotiate a lower % of affordable housing or other infrastructure benefits will not be delivered or sites will not come forward. It is important to note that the delivery of Wimborne's role as a part of the SSCT requires a number of developments to proceed all of which are likely to deliver a range of Planning Obligations.

development and a clearly prioritised delivery plan. Specifically, we would wish to make sure that it:

• Identifies the key pieces of infrastructure (and cost) that will be required to deliver key projects/ developments and future growth.

• Promotes an appropriate 'pooling'/ tariff mechanisms to pool monies to contribute towards this infrastructure.

• Contains measures to ensure that contributions can be made to infrastructure that is 'front funded' (in accordance with Paragraph B23 of Circular 5/05).
