

Inspector's Question 3 to the Council

Letter from the Minister of State for Housing and Planning to the Chief Executive of the Planning Inspectorate – Strategic Housing Market Assessments (dated 19.12.14)

A letter from Brandon Lewis MP to Simon Ridley has been circulated concerning Strategic Housing Market Assessments. It clarifies the existing policy position.

Could the Council comment on whether or not the content of the letter has any implications for the Local Plan of which I should be aware. The letter, this question and the Council's response should be added to the Examination library.

A response within two weeks would be welcome.

David Hogger

Inspector
