Additional Text – Focused Changes Malcolm Brown Ref INSET 16

The Respondents welcome proposed change ref: MAJ/16/1 and MAJ/16/12 in the proposed changes to the Proposals Map Inset/16/1.

I have to express some confusion with regard to the identification of the land for housing with various references to south-east and west of Blandford St Mary. It seems to me that the site now proposed for housing lies predominantly south of Blandford St Mary and I think it would be clearer if it was referred to in that way throughout the document.

In that respect, I suggest a further amendment to page 193 (b) to delete 'east' and (h) delete 'east' and again in (s).

The amendments to the inset diagram are supported.

It is noted that the consequential changes reflect only an increase in housing land supply for Blandford which in part also increases the number of affordable housing units. Those amendments are supported.

With regard to change CON/16/3, the second bullet point should be amended to delete the word 'east'. The site has capability of accommodating at least the 300 dwellings proposed, substantial open space including strategic landscape planting and attendant facilities.

With regard to CON/16/5, I would draw your attention to the agreement with the highway authority in 2007 to divert the trailway (National Cycle Network Route 25) from the line of the former railway, South west to north east along Ward's Drove and then alongside the A350 (Poole Road) to the junction with the A354 Blandford by-pass. (plans attached). All of the respondent's proposals since 2007 have been based on that agreement. The agreed route has the advantage that residents of and visitors to Lower Blandford St. Mary need only cross the A350 to join the trailway.

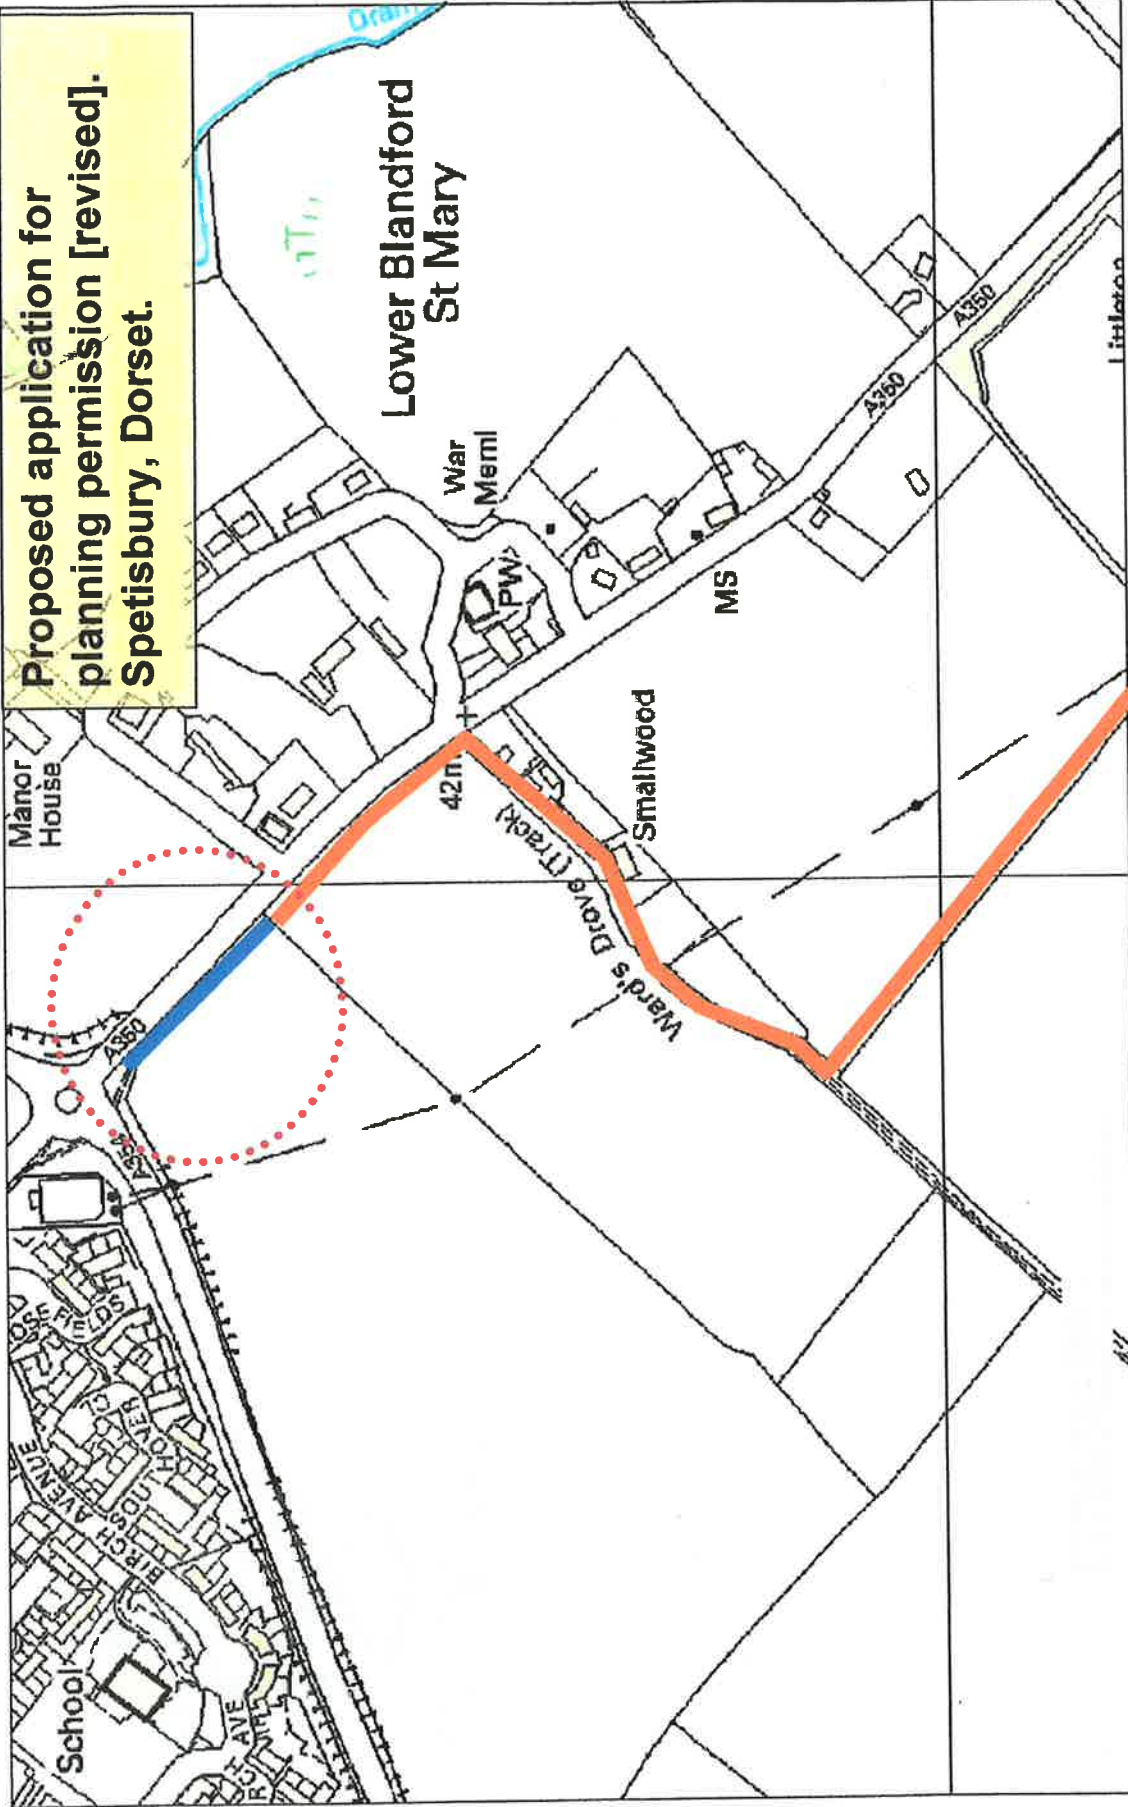

We suggest that the supporting text at paragraph 8.42 should be re-worded to accord with the wording of Policy 16 (r) to include the words "or close to" before "the route of the former Somerset and Dorset railway line".

With regard to change reference MAP/2/1, it should be made clear that the deletion of land safeguarded for the proposed by-pass includes the roundabout shown on that map. A second arrow from the text box will make that clear.

The consequential change to Policy 6, Housing Distribution, is accepted.

With regard to the tracked changes at paragraph 8.42, insert after 'trailway on' 'or close to'. The attached drawings nos. 12169.28 P2, 29 P2, 35P2 and 36 P3 illustrate the way in which the scheme for the development of the site is evolving and taking into account the Landscape Visual Impact Assessment and the Transport Assessment. This indicates a higher density development on the lower land and a looser form of development on the rising land with a substantial tree belt towards the ridge on the west of the site. There is also substantial landscaping adjacent to the roundabout. A surface level crossing of the A354 west of the roundabout is proposed with "Toucan Crossing". The preliminary sketch proposals demonstrate the scale of housing in relation to the scale of trees on the site. The distinctive clump of trees in the centre of the site is retained within an open

space retaining its prominence in the landscape. The frontage to both roads is enclosed with hedges and hedgerow trees. Strategic planting within the development will mitigate any adverse impact on the landscape.

planning permission [revised].
