Dear Sirs,

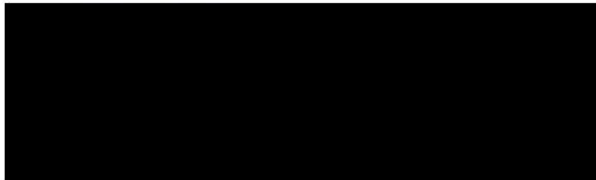

**North Dorset Local Plan - 2011 to 2026**

I refer to your letter dated 01 August 2014 consulting in respect the proposed changes to the North Dorset Local Plan.

The Whitecliff Group Practice supports the changes to remove the Crown Meadows from the plan as the Practice had concerns regarding the access and traffic congestion with using this site for development.

The Practice notes that the new plan will increase the number of new houses in Blandford from 960 to 1110. This will add further pressure to the infrastructure of the town, including the town's GP surgeries. The Practice would welcome further discussion regarding with the council regarding how to address the health needs of the local population for the future.

Yours sincerely,

NORTH DORSET
