- User Note :
- 1) Produced in accordance with Planning Policy Statement 25 - Development and Flood Risk (PPS25).
 - 2) Indicative information - local planning authorities (LPAs) will need to consult the Environment Agency on individual applications.
 - 3) Amendments will be required in future to account for information gathered subsequently e.g. observations following flood events.
 - 4) Certain locations not shown may be at risk of flooding from other sources (see other map sets) and from watercourses not shown.
 - 5) For guidance on specific use of these modelled surface water flood risk maps contact the Environment Agency.
 - 6) Modelled flood risk shown is generalised and should not be used to assess risk to specific buildings.
