

Location Plan :

User Note :

- 1) Produced in accordance with Planning Policy Statement 25 Development and Flood Risk (PPS25).
- 2) Indicative information - local planning authorities (LPAs) will need to consult the Environment Agency on individual applications.
- 3) Amendments will be required in future to account for information gathered subsequently e.g. observations following flood events.
- 4) Certain locations not shown may be at risk of flooding from other sources (see other map sets) and from watercourses not shown.
- 5) The incidents mapped here give an indication of past events but may not be indicative of future events.
