Dear Mr Smith

NORTH DORSET LOCAL PLAN – COMMUNITY INFRASTRUCTURE LEVY

Thank you for consulting the Environment Agency on the above mentioned document.

We have no objections to the document and do not feel that we should be advising in regards to the technical details within the viability report and other supporting evidence. Therefore, we also do not feel that it is appropriate for us to comment on the charging schedule rate.

We note that the Draft Regulation 123 List of Infrastructure Types includes reference to surface water and flood risk mitigation works and environmental improvement works. We support that these areas are include in document.

Please contact us if you have any queries.

Yours sincerely

MR MICHAEL HOLM
Planning Advisor - Sustainable Places
