I grew up in Hazelbury Bryan attending the village school and using the amenities such as the Village Hall on a regular basis therefore I feel it necessary to make the following comment.

I object to Site 2 being removed from the list of sites going forward on the plan. There is a current issue with car parking availability for hall users as expressed in 8.9 of the plan. The removal of Site 2 prejudices the delivery of this much needed additional car parking provision which would have served to support HB22 (Parking Provision).

The removal of Site 2 loses the benefit of a new much needed key footpath link between The Causeway and Pleck/Wonston which would have served as a safer route on foot and supported HB14 (Community Facilities).

The removal of Site 2 prejudices the delivery of much needed affordable housing in the village and the community charge benefits will also be lost therefore additional impact on HB14.

Finally, the removal of Site 2 prejudices the delivery of much needed market homes, in a sensitive manner, at the heart of the village in a highly sustainable location which could have supported HB15 (Meeting Housing Need) and HB16 (Type of Dwelling).
