Subject: FAO Mike Garrity - Planning Application WD/D/20/001203 - Land adj to Piddlehinton Enterprise Park.

Dear Sir

I refer to the above planning application.

I have spoken to my colleagues within the local Neighbourhood Policing Team who cover this area and wish to make the following comments.

I understand that the CCTV camera is not working on the entry point to the camp and it was only a condition of planning for one year. I would respectfully ask that this be amended as soon as possible and a condition of the extension is that CCTV is operational at all times.

I also understand that Security is only required on site when there are five or more units. I again respectfully ask that this be amended and Security is a permanent fixture on site or at least when there are two or more units on site.

If I can be of any further assistance in this matter or you would like clarification around my comments please do not hesitate to contact me.

Yours faithfully

Debbie Oldfield
