Unauthorised reproduction infringes Crown copyright and may lead to prosecution or civil proceedings.

Technical Note

This map shows the indicative future extent of Flood Zone 3 as a result of climate change. Where detailed modelling is available, banded outlines are shown giving the extent of Flood Zone 3 under different climate change allowances. Where there is no detailed modelling available, the future Flood Zone 3 extent has been assumed to be the present day Flood Zone 2 and this has been labelled as "Indicative Future Flood Zone 3". More accurate information will be required at site-specific risk assessment stage.
