

British Legion  
Wimborne Road

Chapel  
Freeland Park Light Industrial

The site could accommodate additional homes and employment if the village has a need

Village Perimeter Path

Existing bridge over stream

Streamside habitat and views

Open meadow space (storm water 'attenuation' area)

Principal vehicular circulation

Pedestrian and cycle link to employment area?

Retirement homes close to village and buses

Possible site for relocated Surgery

Employment

Managed pond and tree Nature Zone  
Pedestrian and cycle link to employment area?

Reinforce existing mature hedgerow and trees with additional broadleaf tree planting to establish sustainable Green Belt boundary

'Deep' view to green heart of the area

Village street frontage

Hedge and tree margin

Huntick Road

The existing employment site is shown reshaped to improve viability and flexibility. This could be expanded if required
