Dear Philip,

Further to your email below, I have revisited both the SEA and my comments to you of 14 October.

I can confirm that, as I understood the reference to Conservation Areas on pp. 18 and 19 of the SEA as including the Chickerell CA, the omission of a specific reference to it in the SEA would not change the basis of my heritage-based advice to you on the Reg 16 Consultation.

I have attached email confirmation from Alison, as Service Manager, that she is happy with this response. If you have any other queries, please do not hesitate to contact me.

Kind regards,

James

Thanks James.

Page 6 of the Screening Report lists three neighbouring conservation areas but not Chickerell, so at best it's ambiguous whether it has been considered. I suspect there has been some technical snag with the GIS which meant that it was overlooked, which is unfortunate but I don't think is critical.

Hopefully Alison will be able read and respond to your email in the next 2-3 weeks.

Thanks,
