Subject: Planning

Dear Sally

I have looked at the town plan but I am not sure if the area around the old stables off White Cliff Mill Street is now available for housing development.

If this is the case we are concerned about the extra amount of traffic coming through the Market Place.

We would suggest that if any planning is ever allowed, it should be a condition that White Cliff Mill Street should be made into two way as far as Eagle House Gardens.

Yours sincerely,

James Atkins
