

CCTV Impact Assessment – Purbeck Sports Centre 2016

Questions	Answers
What organisation will be using the CCTV images?	Purbeck District Council Allstars – for security of their of the vending machines Purbeck School - for protection of pupils and staff using the facility and school equipment Police - in the event of an incident
Who will take legal responsibility under the Data Protection Act (DPA)?	Purbeck District Council
What is the organisation's purpose for using CCTV?	To meet the Council's obligations under duty of care to its users and staff and in particular to children and vulnerable adults, whilst using the Centre to undertake sporting and social activities. Prevention and detection of crime. To monitoring vending machines that belong to Allstars. This avoids the use of a second CCTV system within the premises when the vending machines are already covered by a camera in use by the Sports Centre. To assist the school in its duty of care towards its pupils and staff when using the facility.
What are the problems it is meant to address?	Problems related to: <ul style="list-style-type: none"> • inappropriate behaviour by and towards users of the changing rooms or the other facilities at the Purbeck Sports Centre; • injury to users of the gym equipment, the play zone and the ATP; and • theft or criminal damage to property belonging to users, the Council, the school or Allstars.
What are the benefits to be gained from its use?	Additional reassurance to customers and users. Deterrent to those who may wish to take advantage of users' vulnerability whilst using the facilities. Evidence to assist investigations into improper activity, health and safety incidents or criminal acts. Identification of potential problems that may require staff attendance, e.g. a customer experiencing physical difficulties, or a member of staff experiencing difficulties.
Can CCTV technology realistically deliver these benefits?	Yes

Questions	Answers
Can less privacy-intrusive solutions, such as improved lighting, achieve the same objectives?	No
Do you need images of identifiable individuals, or could the scheme use other images not capable of identifying the individual?	Yes to aid in an investigation into an incident.
Will the particular equipment/system of work being considered deliver the desired benefits now and remain suitable in the future?	Yes
What future demands may arise for wider use of images and how will you address these?	Not aware of any future demands that would increase the use/purpose of recording images.
What are the views of those who will be under surveillance?	Do not know.
What could you do to minimise intrusion for those that may be monitored, particularly if specific concerns have been expressed?	No specific concerns have been raised. The number and position of cameras together with controls restricting access to recorded images are aimed at minimising intrusion.
Is it necessary to address a pressing need, such as public safety, crime prevention or national security?	Yes public safety and crime prevention.
A. Is it justified in the circumstances?	Yes to protect the users - exercising the Council's duty of care.
B. Is it proportionate to the problem that it is designed to deal with?	Yes
