

Dear Sir or Madam,

Thank you for the opportunity to comment on the answers provided by the B + NP Team in response to the Examiner's questions.

1. Requirement and location of an additional primary school. There is a clear requirement for an additional primary school. DCC's response did not identify a solution to the problem or a suitable site for a new school. I wish to reinforce the Blandford Plus NP's choice of a site north of the town as the only place suitable to locate a new primary school.

2. Conservation Status of the Crown Meadows. The Crown Meadows is demonstrably very special to the local community and must not be considered as a potential location for development - this would be against the will of the people. I therefore fully endorse the Blandford Plus NP's statement that the Conservation Area status of the Crown Meadows must not be placed at risk.

Yours sincerely,

Martin (Nic) Nicol
