	Support with conditions
	Object
<input checked="" type="checkbox"/>	Make an observation
	Other

4. Please use the box below to give reasons for your support/objection or make your observation.

I Hope I have ticked the right boxes.

The two areas. HTL-N and HTL-S in the Shillingstone Plan are designated as Conservation and I.O.W.A.

They are also adjacent to Hind Town Lane which is an old single track high banked lane which is prone to flooding at the southern end.

Building on these plots would surely alter the character of the village create an urban, not country feel and possibly further increase the risk of flooding to nearby properties.

I would like to suggest that any building undertaken should be in the area WPF8. Whitepit Farm. This area is large enough to accommodate any housing which may be needed in the future. Access to the site can be via the main road, it is nearer to the school, is not a conservation area and is not prone to flooding.

Thank you for your time reading this.

A Mahony
