Hi Lisa

Having consulted with my chairman, we're happy with area proposed encroaching on parts of our parish boundary.

Thanks

Ian

Dear Wendy and Ian,

Please find correspondence for your members attention from our Chairman, an early response would be greatly appreciated.

With Kind Regards,
Lisa Goodwin
Clerk to Knowlton Parish Council

Dear Colleagues

Knowlton Council is in the process of creating a Neighbourhood Plan (NP) for Wimborne St Giles. This has been a long ongoing process and has been accelerated by the issue for consultation of the Dorset Council Local Plan, which doesn't at present seem to say anything encouraging for East Dorset rural parishes. The proposed boundary for the NP is shown in the two attachments: the Google Earth one with both the parish in-filled blue and the proposed outline boundary in red, the OS 50K one with just the proposed boundary in red.

You will note that in some places the proposed boundary overlaps your parish boundary. Wimborne St Giles Parish is lengthy, extending from Oakley Down to Romford, and some of the outlying areas have very limited direct association with the community and facilities of Wimborne St Giles village. We have intended to exclude these from the plan. For those who have a direct association either with the village, community or estate of Wimborne St Giles, we have inclined to include them in the plan whether inside or outside the parish boundary.

Parish boundaries do seem to have some fairly odd uses, particularly the activities of the Local Government Boundary Commission and its Governance Reviews, some of which you may have experienced, where it is an activity of balancing the representation numbers rather than defining relevant boundaries. We have no wish to interfere in any way with parish boundaries.

We have no current intention to identify potential development sites outside the Wimborne St Giles parish boundary. If such a suggestion arises, we will undertake to consult and obtain your support as needed.

Knowlton asks your consent to adopt the red boundary on the attachments as the boundary of the Wimborne St Giles NP where it crosses the parish boundary, and for us to present it to Dorset Council as such.

Cllr Jerry Laker
Chairman
Knowlton Parish Council
