Subject: Order Reference Planning Inspectorate ROW 3279921. part of footpath 6 Gussage St Michael

Dear Ms. Sparks,

I wish to make a statement of case for the proposed diversion.

I spent time over Christmas in the Gussages and took several walks in the area including along the proposed path. I found it flat, convenient and it gives a beautiful view of the house.

In contrast the stone bridge is narrow, has a steep rise and a bumpy surface. It feels unsafe, especially as you are crossing a very fast running stream at this time of the year.

I really hope you will take that into account when approving the new route.

Thank you very much for your time and attention in this case.

Best regards,

Harriet Stiller
