

### Asset Strategy & Compliance

## Wessex Water Catchments Affected by Groundwater Inundation

### North Dorset

- Groundwater Risk Area**
- High Risk of Foul Sewer Inundation
  - Medium Risk of Foul Sewer Inundation

The information supplied is for guidance only and Wessex Water do not accept responsibility for any inaccuracies. In carrying out any works, you accept liability for the cost of any repairs required to be undertaken by Wessex Water as a consequence of your actions or those of your contractors. You are advised in all cases to commence excavations using hand tools only and not to use any mechanical digging equipment until pipework has been precisely located.
