Tips for writing your advert

To make your advert easier to read, use:

- simple language and short sentences so that everyone can read and understand your advert
- bullet points to list items, such as key points about the role or employee benefits
- bold if you need to break the text up with headings
- Arial font, size 12

There are some things you should avoid as they make it harder for people to read and can cause accessibility issues.

Avoid using:

- jargon
- abbreviations - write them out in full instead
- italics, underlined text or block capitals, and only use bold for headings
- background colours or different coloured text

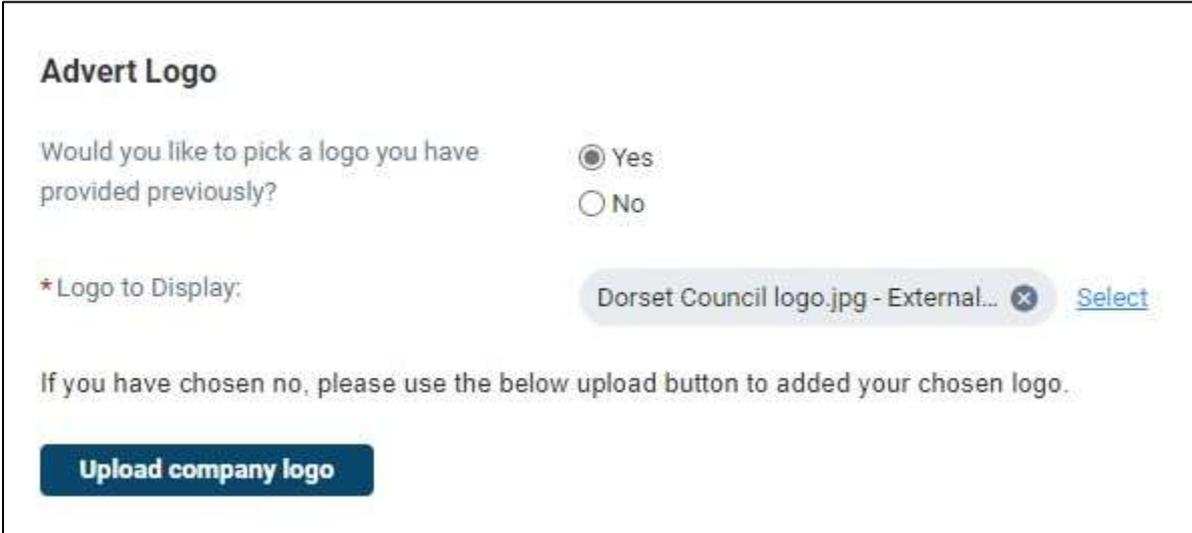

If you are copying and pasting text from a document or website, check the formatting of your pasted text. It is best to right mouse click and 'paste as plain text' to strip out any formatting that may have copied over. We do not allow different fonts, colours, symbols or styling. We will remove these from your advert when we review it before it goes live.

Add your company logo

Would you like to pick a logo you have provided previously?

Your company logo should already be uploaded in your account.

Select 'Yes' and next to 'Logo to Display: None Selected', click 'Select'.

The screenshot shows a form titled "Advert Logo". It contains a question: "Would you like to pick a logo you have provided previously?" with two radio button options: "Yes" (which is selected) and "No". Below this is a field labeled "* Logo to Display:" which contains the text "Dorset Council logo.jpg - External..." followed by a close icon (x) and a "Select" link. At the bottom of the form, there is a blue button labeled "Upload company logo" and a line of text: "If you have chosen no, please use the below upload button to added your chosen logo."

If your logo hasn't been uploaded to your account, or you want to add a different logo to this advert, select 'No'.

Click the button to 'Upload company logo'.

You can select a file to upload from your computer or drag and drop a file into the grey area.

The screenshot shows a light grey upload area. On the left, it says "Upload file from my computer" above a button that says "Select a file to upload". On the right side of the area, there is a faint icon of a computer monitor.

We recommend an image size of no more than 400 pixels wide, or 200KB. Square logos work best and JPEG or PNG are our preferred file types.

Add a closing date for your advert

Closing date

Click on the calendar icon to open the date picker and click to select the closing date for your advert.

Alternatively, you can type in the box in the format of DD/MM/YYYY

The screenshot shows a form field titled "Closing Date". Below the title, there is a label "★ Closing Date:" followed by a text input box containing the date "26/04/2024". To the right of the date in the input box is a small calendar icon.

We aim to publish job adverts within 2 working days of receiving a request. If you want to delay publishing your advert to a later date, you will be able to specify this before you submit it for review.
