FACILITIES

Probably one of Dorset's best kept secrets – 'the peace and tranquility of Gundrys Farm'

Fifteen Plus acres of flat, level and beautifully maintained 60 pitches for caravans, motorhomes and tents. Fields are surrounded by poplar and oak trees which provide welcome shade in the summer and a beautiful foil in the winter. Most of our pitches have electric hookup points (10 amp). Both fields have drinking water points and refuse disposal areas (we are keen on recycling)

We have several chemical disposal points and grey water waste points.

Our pitches are located around the edges of the camping fields to provide literally acres of room in the middle of the field, even in our busy times we have plenty of room for the children to play or for adults just to enjoy the space and watch the plentiful birdlife.

We have a shower block, showers are provided free of charge and are available from 6.30am – 10.00pm. We have four toilet blocks- separate ladies and gents, with hot and cold water, We also have a washing up area – two sinks, under cover with lights.. We are happy to freeze ice blocks, charge mobile phones or batteries. Proceeds from ice blocks, charging mobile phone and book sales go to charity. We have a mobile shop, delivering fresh bread, bacon, eggs, newspapers etc. We also have a 'fish and chip' van who comes every saturday, everything cooked to order and on a friday during peak periods we have wonderful woodfired pizza available – a definite must !! Free WIFI available.

New toilets and showers for 2017- NOW INSTALLED !!

"Great site with very friendly staff and owners alike. Had a fantastic 10 days and will be sorry to leave. So very peaceful and tranquil just what a holiday should be. Will definately return next year to this warm and friendly site

"Plenty of space, homely friendly and quiet. Immaculately clean.

Hot showers, staff friendliness, immaculately clean facilities, secure open space for kids to play and good for dogs!"
