

Dorset Local Plan
Potential Development Locations
Ecological Data
PART 2: Central Dorset

This report is Part 2 of five reports designed to present an ecological baseline for potential development locations that will inform the production of the Dorset Council Local Plan. The reports are set out as follows:

PART 1: Introduction and keys to maps

PART 2: Central Dorset

PART 3: Northern Dorset

PART 4: South Eastern Dorset

PART 5: Western Dorset

This report refers to opportunity sites included in the 2025 Dorset Council Local Plan options consultation, and potential alternative development locations submitted to the Council through the consultation. Inclusion of a site in this report does not imply that the site will be or has been allocated in the emerging Dorset Council Local Plan.

Report prepared for:		Dorset Council	
Version control:		Contract number: C25157 (Part 2)	
1.0	Report prepared by:	Carolyn Steele & Hugo Sewill	03/08/2026
	Checked by:	CS	04/08/2026
2.0	Report prepared by:	Carolyn Steele & Hugo Sewill	27/08/2026

Key to settlement maps

LNRS: Nature areas of national importance
& High opportunity nature areas

Nature areas of national importance

High opportunity areas

Key to Priority Habitats

	Lowland mixed deciduous woodland
	Wet woodland
	Lowland dry acid grassland
	Lowland calcareous grassland
	Lowland meadows
	Lowland heathland
	Purple moorgrass and rush pasture
	Lowland fens
	Maritime cliff and slope
	Coastal sand dunes
	Coastal vegetated shingle
	Coastal saltmarsh
	Reedbeds

Key to site maps

Please note that where ecology/geology/landscape sites overlap it can change the look of the colour coding. This happens particularly where the green of the National Landscape underlies another colour code. The maps use different scales depending upon the size of the location and this can also affect the appearance of a site. To assist, alternative views/colourways are shown below for National Landscape and for instance where SNCI overlap with National Landscape, Habitat Restoration Site, Ancient Woodland and Long Established Woodland.

International Sites

Ramsar (wetlands of international importance)

Special Area of Conservation (SAC)

Special Protection Area (SPA)

World Heritage Site (WHS)

National Sites

National Nature Reserve (NNR)

Ancient Woodland

Ancient semi-natural woodland (ASNW)

Plantation on an ancient woodland site (PAWS)

Cleared ancient woodland site

Ancient wood pasture (AWP)

Infilled wood pasture (IAWP)

Long established woodland (LEW)

National Landscape

Site of Special Scientific Interest (SSSI)

Local Sites

Butterfly Conservation Reserve

DWT Reserve

GCN pond

recent records – older records

Greenwood Trees

Habitat bank

Habitat Restoration Site
site - pond

Important Veteran Tree Site

Local Community Nature Reserves (LCNR)

Local Geological Sites (LGS)

Local Nature Reserve (LNR)

RSPB Reserves

Site of Nature Conservation Interest SNCI
(the year of the last assessment is given in brackets)

National Landscape & SNCI

Habitat Restoration Site
& SNCI

Ancient woodland & SNCI

Long Established Woodland
& SNCI

Administrative boundaries

Dorset County boundary

BCP Council / Dorset Council

LNRS: Habitat and ecological networks

Heathland 5km

Wetland 5km

Woodland 5km

Grassland 5km

Species abbreviations:

GCN = Great Crested Newt

SL = Sand Lizard

SS = Smooth Snake

BLE = Brown Long-eared Bat

Com Pip = Common Pipistrelle

GLE = Grey Long-eared Bat

LE = Long-eared Bat

Nath Pip = Nathusius's Pipistrelle

Sop Pip = Soprano Pipistrelle

Ser = Serotine

Bat Roosts

BR – bat roost with recent records (post-2014)

OBR – older bat roost (with pre-2015 records)

Broadmayne
