

Changes to Day Services: What do you think?

Purbeck 2025

Tell us what you think

We want to know what you think about our plans. Read this booklet then fill in our survey.

Please send your survey back to us before the **9th of June 2025**.

Here is a link and a QR code for the online survey:

<https://consultation.dorsetcouncil.gov.uk/c-e/dayopps>

You can also post your survey to:

Towards a new model of day opportunities
Adults and Housing Directorate
County Hall

DT1 1XJ

Why do we need to change things?

About 600 people need a day service which is paid for by Dorset Council.

More than 300 of these people go to a day centre. The buildings are owned by Dorset Council.

- Many of the buildings are too big.
- Some need to be improved.
- Some are not very accessible.

Day services do not have to happen in these buildings.

We want to give more people more **day opportunities** instead: interesting activities in their local town or village.

Our plans

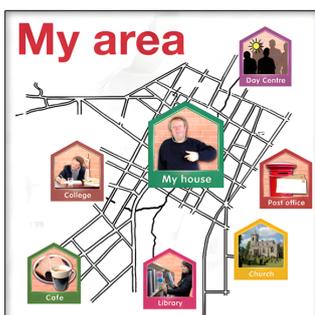

Our plans use the idea of **hubs** and **spokes**.

Imagine a bicycle wheel! The **hub** is in the middle. The **spokes** are the thin sticks of metal, reaching out from the hub.

Dorset is divided into these 5 areas.

There will be 1 **hub** in each area.
There will be lots of day opportunities all over that area. These are called the **spokes**.

Hubs

A **hub** is a building where activities can be run and organised. There could be:

- advice and information
- equipment for people to take home

- staff who organise community activities and training
- space for community organisations to work in

- support for health and wellbeing
- support for carers

Spokes

Spokes are day opportunities in towns and villages.

Here are some examples:

- gardening, cooking, arts and crafts

- lunch clubs

- swimming pools and leisure centres

- libraries

- dementia support

- support with benefits, housing, working and volunteering

Specialist services

Specialist services are based in the hubs and other places.

A specialist service can support people who need, for example:

- physiotherapy
- speech and language therapy
- hoists

- adapted furniture and toilets
- sensory room
- hydrotherapy pool

Staff in specialist services will be trained to do activities with people who need a lot of support.

About Purbeck

At the moment there are 3 day services.
They are run by Care Dorset.

Wareham: Purbeck Connect

Wareham: Wareham Plus

Swanage: Swanage Connect,
at the Focus Centre

Purbeck Hub

Our plan:

Purbeck Connect will become the Purbeck Hub.

Some ideas:

People, groups and organisations could use rooms in the hub for:

- lunch clubs

- health clinics

- classes

- activities

- events

Swanage Focus Centre

Care Dorset are planning to stop running Swanage Connect at the Focus Centre.

The Focus Centre is run by the Swanage and Purbeck Development Trust.

We will work with the Trust to develop community activities at the Focus Centre.

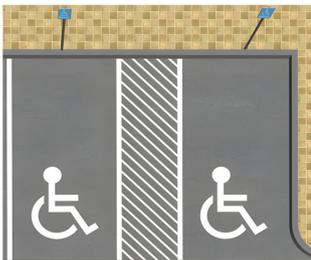

We will also work with local people and organisations to develop more community activities in other places too.

Wareham Plus

The Wareham Plus building is not suitable because:

- it is in a residential area
- there is not enough parking
- some people cannot use the service, because of the parking

We want to end our contract with Care Dorset for this service.

This means it might close.

We want to develop more community activities in and around Wareham.

What this means for you

You will get support to decide what you would like to do. Think about:

- things you want to learn and achieve
- activities you would like to keep doing, and new things you want to try

You could choose to:

- go to the Purbeck Hub in Wareham
- do activities in your village or local towns

- use a specialist service if you need more support
- a mix of all these options

Paying for day opportunities

If you might need support from Dorset Council, you can have an assessment. This helps the council to decide how much support you can get.

Your day opportunity can be paid for in a few different ways:

- **Commissioned service:** the council pays for your support
- **Direct Payment:** the council gives you money to organise your own support
- **Individual Service Fund:** the council gives the money to a care organisation to manage.
- **Self-fund:** pay for it yourself
