

**Have
your say**

on the **Dorset Local Nature Recovery Strategy**

Join us in shaping the future of nature in Dorset

Dorset is a beautiful place and home to all sorts of plants and animals.

But wildlife in our county is declining and spaces for nature are disappearing.

We're working with the people of Dorset on a plan to make nature bigger, better and more connected.

Together, we can help nature thrive.

Have your say on the plan...
