

Pharmacy Presentation

THINK it's time for a CHANGE?

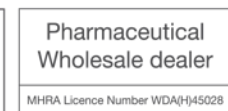

High Quality Products. Excellent Customer Service & Delivery.

- Welcome to Orion Medical's introduction to the pharmacy needle exchange provision across Dorset Council.
- This document will assist new and existing sites with the online ordering process. It will introduce you to the packs on offer and the equipment contained within these packs.
- The document will also contain information on Orion's online NSP training and support that is available to all sites 24/7.
- We have recently launched a new Training Academy that contains CPD Accredited training for all staff working within an NSP.
- The training academy can be accessed by visiting: - <https://orionmedical.co.uk/training-academy-registration/>
- As well as this online training your Orion account manager can be contacted via email on gareth@orionmedical.co.uk to assist you with any queries.

Online Training & Support

- Orion Medical offer online NSP training via our Training Academy.
- The new academy can be accessed here: - <https://orionmedical.co.uk/training-academy-registration/>
- The academy is full of useful training modulus that cover: - NSP, IPED, Naloxone, Chemsex, and Safer Smoking.
- The NSP & IPED modules are CPD accredited so the participant can gain CPD credits to add to their personal learning & development plans.
- The NSP module will also report back to Orion via a Training Needs Analysis to allow a trained member of staff to deliver some additional targeted training if required.
- You can contact your Orion Medical account manager by emailing gareth@orionmedical.co.uk with any other queries or questions.
- Additional support for IPED clients can be received at the local drug and alcohol treatment services.
