 Dorset recycles

Please **do not** put these items in your glass recycling box:

[dorsetcouncil.gov.uk/recycle/turquoise-tag](https://dorsetcouncil.gov.uk/recycle/turquoise-tag)

Right stuff,  
right bin

### **Why is there a turquoise tag on my bin/in my box?**

Your glass box contained items we cannot collect (see other side). We only collect glass bottles, jars, perfume bottles and cosmetic jars. Metal lids can remain on glass containers.

### **What do I need to do?**

Please remove these items and put them in the right container before your next collection

### **Please remember to:**

- Wrap drinking glasses/oven-proof glass in paper and put them in your rubbish bin (black lid)
- Take lightbulbs, plate glass and other glass items to your nearest Household Recycling Centre (there will be a charge for plate glass)
- Take any plastic lids off and put in your recycling bin (green lid)
- Put items into your recycling box loose (do not use bags)
