Part B – Representations

Please answer as many questions or as few questions as you wish. There is a box at the end of the form where you can provide any comments that you may have.

Housing

1. Do you consider that a housing need figure of 366 dwellings a year is an appropriate figure on which to plan for housing growth in North Dorset? If not, please set out what you consider to be an appropriate figure and provide reasons for this.

Yes

No

If you have answered 'No' please set out an alternative housing figure and provide reasoning to support your answer.

As a layperson, I don't feel qualified to state an alternative figure.

Any potential brown field sites in Shaftesbury have not been taken into account.

I don't believe that the land in Shaftesbury already acquired by developers and not yet built on has been taken into account when working out the figures.

Employment

2. Do you consider that additional employment land should be allocated for development at Blandford as part of the Local Plan Review?

Yes

No

3. Do you consider that there is a need to allocate additional employment land in any other part(s) of the District?

Yes

No

Spatial Strategy

4. Do you consider that the existing spatial strategy, as set out in LPP1, should be amended to allow for some limited growth at Stalbridge, beyond just meeting local needs?

Yes

No

5. Do you think that the Council should consider implementing any other alternative spatial strategy through the LPR? If so, please explain your reasons why.

Yes

No

If you have answered 'Yes' please set out your alternative spatial strategy and provide reasoning to support it.

Blandford (Forum and St Mary)

6. Do you agree with the conclusions regarding the areas of search identified at Blandford?

Yes

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

8. What are the additional infrastructure requirements that are likely to result from potential future development at Blandford?

Please set out what you see as the additional infrastructure requirements.

9. Do you agree with the conclusions regarding the areas of search identified at Gillingham?

Yes

No

10. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

11. What are the additional infrastructure requirements that are likely to result from potential future development at Gillingham?

Please set out what you see as the additional infrastructure requirements.

Shaftesbury

12. Do you agree with the conclusions regarding the areas of search identified at Shaftesbury?

Yes

No

13. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

The character of the beautiful historic hilltop town of Shaftesbury has already been altered greatly by development to date. Further development outside the existing town boundaries will have a further detrimental effect upon the character of the town, the struggling infrastructure and the well-being of its inhabitants.

14. What are the additional infrastructure requirements that are likely to result from potential future development at Shaftesbury?

Please set out what you see as the additional infrastructure requirements.

Another medical centre is already needed urgently. As are another primary and possibly even another secondary school to admit all the extra young people who are moving into the town, a sports centre to give people activities to engage in and to help reduce the increasing crime rate, additional green spaces and children's play areas for recreation, and further employment opportunities.

Sturminster Newton

15. Do you agree with the conclusions regarding the areas of search identified at Sturminster Newton?

Yes

No

16. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

17. What are the additional infrastructure requirements that are likely to result from potential future development at Sturminster Newton?

Please set out what you see as the additional infrastructure requirements.

Stalbridge

18. Do you agree with the conclusions regarding the areas of search identified at Stalbridge?

Yes

No

19. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

20. What are the most important infrastructure requirements that are likely to result from potential future development at Stalbridge?

Please set out what you see as the additional infrastructure requirements.

The Villages

21. Do you agree with the Council's proposed approach in relation to future development at the eighteen larger villages within the District or do you think that the Council should consider an alternative approach?

Yes

No

If you have answered 'No' please set out your alternative approach and information/reasoning behind this.

Affordable Housing

22. Do you consider that the existing reference to nine dwellings in Policy 9 of LPP1 should be removed from the policy to allow larger schemes to come forward where there is evidence of local need in excess of that which could be met by the provision of nine dwellings?

Yes

No

23. Do you consider that the existing policy approach, which seeks to prevent exception sites coming forward adjacent to the four main towns within the District, should be amended?

Yes

No

24. Do you consider that the Council should continue with its existing policy approach, which allows for a small number of market homes on rural exception sites?

Yes

No

Self-Build and Custom-Build Housing

25. Do you consider that the Council should facilitate the provision of self-build housing by any, some, or all of the following options?

Yes

No

a. Allowing serviced plots to come forward under the current development plan policies.

Yes

No

b. Updating Policy 7 (Delivering Homes) in the Local Plan Part 1 to promote the provision of serviced plots of land for self-build housing.

Yes

No

c. Requiring on sites above a certain size that serviced self-build plots should be made available as a proportion of the total number of dwellings permitted (with or without a minimum number being specified) on-site.

27. Do you consider that the existing hierarchy and network of centres, as set out in LPP1, should be amended to include Stalbridge as a 'local centre'?

Yes

No

Important Open or Wooded Areas (IOWAs)

28. Do you agree that those IOWAs, which are protected from development by other planning policies or legislation, should be deleted?

Yes

No

The A350 Corridor

29. Do you consider that the land which is identified and safeguarded for the Shaftesbury Outer Bypass and the Charlton Marshall and Spetisbury Bypass should continue to be identified and safeguarded for such purposes?

Yes

Comments

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or chapter your comments relate to.

The needs of the community (including children and young people, cyclists, walkers, the elderly) with regard to infrastructure seem to have been largely ignored.

Shaftesbury's rich wildlife and beautiful views have been largely ignored.

The fact that some land already acquired for development has not yet been developed has not been taken into account, also the fact that some of the amenities and infrastructure promised as part of the developments to date have not materialized.

This form has been quite difficult for a layperson like me to fill out.

Continue on a separate sheet if necessary

Do you wish to be contacted about future consultations relating to the Local Plan Review?
