Part B – Representations

Please answer as many questions or as few questions as you wish. There is a box at the end of the form where you can provide any comments that you may have.

Please recognise X equals a tick in all the yes/no answers.

Housing

1. Do you consider that a housing need figure of 366 dwellings a year is an appropriate figure on which to plan for housing growth in North Dorset? If not, please set out what you consider to be an appropriate figure and provide reasons for this.

Yes

No X

I realise this is a general target but there is not enough specific information on type, size and quality of dwellings for me to agree with the number.

Employment

2. Do you consider that additional employment land should be allocated for development at Blandford as part of the Local Plan Review?

Yes

No

3. Do you consider that there is a need to allocate additional employment land in any other part(s) of the District?

Yes

No

Spatial Strategy

4. Do you consider that the existing spatial strategy, as set out in LPP1, should be amended to allow for some limited growth at Stalbridge, beyond just meeting local needs?

Yes

No

5. Do you think that the Council should consider implementing any other alternative spatial strategy through the LPR? If so, please explain your reasons why.

Yes

No

If you have answered 'Yes' please set out your alternative spatial strategy and provide reasoning to support it.

Blandford (Forum and St Mary)

6. Do you agree with the conclusions regarding the areas of search identified at Blandford?

Yes

No

7. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

8. What are the additional infrastructure requirements that are likely to result from potential future development at Blandford?

Please set out what you see as the additional infrastructure requirements.

Gillingham

9. Do you agree with the conclusions regarding the areas of search identified at Gillingham?

Yes

No

10. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

11. What are the additional infrastructure requirements that are likely to result from potential future development at Gillingham?

Please set out what you see as the additional infrastructure requirements.

Shaftesbury

12. Do you agree with the conclusions regarding the areas of search identified at Shaftesbury?

Yes

No

13. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

14. What are the additional infrastructure requirements that are likely to result from potential future development at Shaftesbury?

Transport, links, car parking, water and sewage treatment provision, education establishments, health and dental centres, social amenities, community halls and green spaces must be provided. Legally binding S106 should be enforced.

Sturminster Newton

15. Do you agree with the conclusions regarding the areas of search identified at Sturminster Newton?

Yes

No

16. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

17. What are the additional infrastructure requirements that are likely to result from potential future development at Sturminster Newton?

Please set out what you see as the additional infrastructure requirements.

Stalbridge

18. Do you agree with the conclusions regarding the areas of search identified at Stalbridge?

Yes

No

19. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

20. What are the most important infrastructure requirements that are likely to result from potential future development at Stalbridge?

Please set out what you see as the additional infrastructure requirements.

The Villages

21. Do you agree with the Council's proposed approach in relation to future development at the eighteen larger villages within the District or do you think that the Council should consider an alternative approach?

Yes

No X

There is scope for more additional residential housing in most villages thereby taking the strain off the main towns.

Affordable Housing

22. Do you consider that the existing reference to nine dwellings in Policy 9 of LPP1 should be removed from the policy to allow larger schemes to come forward where there is evidence of local need in excess of that which could be met by the provision of nine dwellings?

Yes X

No

23. Do you consider that the existing policy approach, which seeks to prevent exception sites coming forward adjacent to the four main towns within the District, should be amended?

Yes

No X

24. Do you consider that the Council should continue with its existing policy approach, which allows for a small number of market homes on rural exception sites?

Yes

No X

Self-Build and Custom-Build Housing

25. Do you consider that the Council should facilitate the provision of self-build housing by any, some, or all of the following options?

Yes X

No

a. Allowing serviced plots to come forward under the current development plan policies.

Yes X

No

b. Updating Policy 7 (Delivering Homes) in the Local Plan Part 1 to promote the provision of serviced plots of land for self-build housing.

Yes X

No

c. Requiring on sites above a certain size that serviced self-build plots should be made available as a proportion of the total number of dwellings permitted (with or without a minimum number being specified) on-site.

Yes
No

d. Allowing a proportion (up to 100%) of self-build plots on exception sites (with controls over the resale value of the properties).

Yes
No

e. Identifying land in public ownership which would be sold only for self-build development.

Yes
No

f. The use of Local Development Orders to facilitate self-build development.

Yes
No

26. Are there any other approaches that could be used to meet the demand for self-build housing?

Yes
No

Encourage self build organisations that support good eco-friendly sustainable housing projects.

Ensuring the Vitality and Viability of Town Centres

27. Do you consider that the existing hierarchy and network of centres, as set out in LPP1, should be amended to include Stalbridge as a 'local centre'?

Yes
No

Important Open or Wooded Areas (IOWAs)

28. Do you agree that those IOWAs, which are protected from development by other planning policies or legislation, should be deleted?

Yes
No

The A350 Corridor

29. Do you consider that the land which is identified and safeguarded for the Shaftesbury Outer Bypass and the Charlton Marshall and Spetisbury Bypass should continue to be identified and safeguarded for such purposes?

Yes

No

Comments

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or

chapter your comments relate to.

As a Shaftesbury resident I'm particularly annoyed how the new residential developments have been able to go ahead on the east of the town north of the A30 without enforcing any public amenities or community buildings to be provided. The Abbey View Health centre is at breaking point with the population increase in the town. This oversight or poor enforcement has not been referred to in this consultation paper and needs rectifying. The developers seem to have got away with making everything for profit and it is of poor quality construction. This makes me nervous that future developers will carry on as before and not held to account by NDDC.

Has any county inspector visited any of these houses built in the last 10 years to see if they are standing well and built to last? I doubt it. They were built as cheaply as possible and now problems are occurring within the first few years.

I would like to see a much stronger line being taken in construction specifications detailing quality and sustainability in materials and eco-friendly additions such as insulation, solar panels, water collection, thermal heat pumps etc. being used, this might add a few more pounds to the cost but it would be better for all in the long run.

There are many small farm developments that have popped up in the area for commercial use (business parks), could residential hamlet developments be encouraged in favour of commercial projects in these situations?

Should there not be a % of land set aside (enforced) in any development that is green with grass, trees and recreation and wildlife.

Where are the new footpaths planned for? I haven't seen this mentioned anywhere in the consultation.

Continue on a separate sheet if necessary
