

Responses to Issues BA1 to BA8: ' Bournemouth International Airport'

Christchurch and East Dorset Core Strategy consultation: Issues + Options March 2008

In March 2008 Christchurch and East Dorset councils consulted on the joint Core Strategy Issues and Options document. The questions asked under the above theme were:

Key Issue BA1

What are the priority issues which should determine the limits to which growth at the airport should be controlled? (Note – please tick whether they should be high, medium or low priority)

The options offered in the consultation were:

- A. Flood risk
- B. Emissions from air traffic/road traffic
- C. Impact upon environmental designations
- D. Traffic generation beyond existing highway capacity
- E. Aircraft noise
- F. Provision of public transport services
- G. Landscaping
- H. Provision of other sustainable forms of transport e.g walking and cycling
- I. Other

Summary of responses received for each option:

| Option | Suggestions |
|--------|-------------|
| A | 128 |
| B | 136 |
| C | 130 |
| D | 137 |
| E | 132 |
| F | 137 |
| G | 130 |
| H | 132 |
| I | 20 |

Key Issue BA2

Which transport improvements should the Core Strategy consider as part of the transport requirements for the Airport?

The options offered in the consultation were:

- A. A new alignment of the A338 link road to minimise impact on sites of environmental importance and on the operational airport
- B. Extra capacity on the A338 by provision of additional lanes
- C. New alignment of B3073 between Chapel Gate and Blackwater Junction
- D. Improvements to public transport serving the northern business parks and airport
- E. Improvements to Parley 'crossroads'
- F. Improvements to Canford Bottom roundabout on the A31
- G. Chapel Gate roundabout improvements
- H. Hurn Roundabout Improvements
- I. Investigate potential for light rail connection to airport from Bournemouth/Christchurch
- J. New and enhanced walking and cycling links
- K. Other

Summary of responses received for each option:

| Option | Agree | Disagree | No Opinion | Suggestions For Other Issues |
|--------|-------|----------|------------|------------------------------|
| A | 74 | 15 | 17 | n/a |
| B | 61 | 29 | 13 | n/a |
| C | 52 | 12 | 36 | n/a |
| D | 92 | 6 | 11 | n/a |
| E | 88 | 7 | 14 | n/a |
| F | 71 | 7 | 20 | n/a |
| G | 48 | 9 | 34 | n/a |
| H | 70 | 10 | 23 | n/a |
| I | 72 | 24 | 12 | n/a |
| J | 54 | 25 | 23 | n/a |
| K | | | | 11 |

Key Issue BA3

Which development options should be pursued in consideration of current infrastructure constraints?

The options offered in the consultation were:

- A. Only permit development which can be accommodated by improvements to the B3073 (Parley Lane) and its junctions and by other transport improvements to reduce car use
- B. Permit development in line with option A through phased development of the site while also seeking funding for the link road to allow development of the remainder, and assembling S106 contributions towards this
- C. Do not permit any new development prior to the provision of a new road link to the A338
- D. Other

Summary of responses received for each option:

| Option | Agree | Disagree | No Opinion | Suggestions For Other Issues |
|--------|-------|----------|------------|------------------------------|
| A | 36 | 38 | 18 | n/a |
| B | 33 | 38 | 21 | n/a |
| C | 37 | 41 | 9 | n/a |
| D | | | | 8 |

Key Issue BA4

Which part of the airport do you think should be released from the green belt?

The options offered in the consultation were:

- A. Only land within the existing airport boundary required for operational development should be removed from the green belt
- B. Land within the existing airport boundary should be removed from the green belt
- C. Additional land from outside the existing airport boundaries serving employment or operational needs should be considered for removal from the green belt in order to support development in addition to land within the airport boundary
- D. Other

Summary of responses received for each option:

| Option | Agree | Disagree | No Opinion | Suggestions For Other Issues |
|--------|-------|----------|------------|------------------------------|
| A | 48 | 35 | 9 | n/a |
| B | 35 | 44 | 10 | n/a |
| C | 37 | 48 | 12 | n/a |
| D | | | | 9 |

Key Issue BA5

What policy approaches should be pursued at the airport to effectively promote sustainable economic growth?

The options offered in the consultation were:

- A. A zonal approach should be adopted in the business park for the promotion of different types of employment. This approach could identify zones within the site for specific uses/clusters of related activity e.g zones for growth industries offering high quality employment opportunities
- B. Provision should be made for aviation related uses
- C. There should be general flexibility in the location of different types of employment development to respond to market demand
- D. Design policies should be used to influence the type of inward investment that can be attracted to the airport
- E. Development at the airport should be restricted to uses which would not be appropriate in town centres
- F. Other

Summary of responses received for each option:

| Option | Agree | Disagree | No Opinion | Suggestions For Other Issues |
|----------|-------|----------|------------|------------------------------|
| A | 47 | 11 | 19 | n/a |
| B | 66 | 5 | 13 | n/a |
| C | 66 | 9 | 14 | n/a |
| D | 34 | 24 | 14 | n/a |
| E | 25 | 36 | 13 | n/a |
| | | | | 5 |

Key Issue BA6

What type of business activity should we be promoting at the airport?

The options offered in the consultation were:

- A. Business aviation
- B. Aircraft Maintenance, Repair and Overhaul
- C. Air Freight
- D. Light/General Industry/Manufacturing
- E. Advanced Engineering
- F. Environmental Technologies
- G. General Office and Financial Business Services
- H. Bio-Technology and Medical – Related Sectors
- I. Marine Technologies
- J. Cultural/Creative Sectors
- K. Leisure and Hospitality
- L. Distribution and Logistics
- M. Other

Summary of responses received for each option:

Due to the nature of the questions asked it is not possible to provide a numerical response to this question, please see the full response later in this report.

Key Issue BA7

What types of premises should be provided in the north west and north east areas?

The options offered in the consultation were:

- A. Small business units/industrial
- B. Larger business units/industrial
- C. Large purpose built office units
- D. Small purpose built office units
- E. Warehouses
- F. Sites for expansion of businesses for specific occupiers
- G. Start up/Incubator premises
- H. Recycling/environmental industries e.g waste recycling plants
- I. Other

Summary of responses received for each option:

Due to the nature of the questions asked it is not possible to provide a numerical response to this question, please see the full response later in this report.

Issue: BA1 **Contact ID:** XED1432 **Surname:** CHITTENDEN **Unique Response Ref:** CSIO-03467
Option: GENERAL **Organisation:** Environment TAG (East Dorset)

Response: It is important to recognise that the main adverse impacts of expansion of both the air terminal and employment allocation will be felt by residents of East Dorset rather than those of Christchurch. Traffic generated pollution (from aircraft and road) and impact on nature conservation interests highlight its lack of sustainability.
It is essential that facilities focus on improved public transport and enhancing green travel plans, including traffic management. No further work on new road construction or widening of the A338 should be considered because of damaging impact on wildlife habitats.

General comments:

Issue: BA1 **Contact ID:** XED2365 **Surname:** CLARKE **Unique Response Ref:** CSIO-09736
Option: GENERAL **Organisation:**

Response: Building hotels opposite the airport to take most of the impact of visitors and have cheap transport into Christchurch town centre. Especially on Market days etc.
Also cheap homes

General comments: []

Issue: BA1 **Contact ID:** XED2442 **Surname:** HELLIER **Unique Response Ref:** CSIO-18150
Option: GENERAL **Organisation:** Highways Agency

Response: [Empty box]

General comments: The Agency deems emissions from road traffic (Option B), traffic generation (Option D) and provision of public transport services (Option F) to be key determinants behind airport growth.

Expansion at the airport is likely to have a noticeable and far-reaching impact on the SRN, particularly the A31. These impacts will need to be robustly tested, and the Agency would therefore reserve the opportunity to comment until further evidence has been provided regarding the implications of these proposals. The Transport Study will provide a basis for further Agency representations.

The Agency supports public transport improvements and demand management as key measures to be pursued in the short-medium term. Infrastructure changes, such as the proposed A338 airport link road, are considered to be longer term investments that should only be implemented after sound justification. Strategic modelling of the SRN will contribute towards this.

The Agency welcomes the significant improvements to airport bus services implemented in November 2007 and would support further improvements including extension of the operating hours to allow access to the earliest flights; upgrading of the service from hourly to half hourly; and (most significantly) extension of the route covered at each end to include Poole town centre and the Airport northern sector employment.

General comments: [Empty box]

Issue: BA1 Contact ID: XED2444 Surname: ILLSLEY Unique Response Ref: CSIO-18543
 Option: GENERAL Organisation: New Forest National Park Authority

Response:

General comments: The Authority's concerns at the impacts of the expansion of Bournemouth Airport on the New Forest National Park are well known. Policy SD2 in the draft Regional Spatial Strategy for the South West states that local authorities, "... will need to demonstrate how they intend to contribute towards the required 60% cut in CO2 emissions by 2050 and how they intend to identify and respond to the potential impacts of climate change in their area."
 The continued expansion of Bournemouth Airport is extremely difficult to reconcile with this and the Government's requirement for authorities to reduce greenhouse gas emissions by 30% by 2026, the lifespan of the Core Strategy.
 In terms of more locally specific issues, the airport runway lies just under 3.0 kilometres from the Park boundary at its nearest point (not the 5.4 kilometres stated on page 46) and the environmental impacts of airport expansion on the landscape and protected habitats within the National Park are a key issue.
 The Section 106 agreement (August 2007) between Christchurch Borough Council and the airport operators contains no legal cap on aircraft movements, standard at the majority of other international airports. The legal limit on passenger numbers is likely to be exceeded by 2015 and the Core Strategy (alongside the Bournemouth Airport Area Action Plan) should establish the planning framework for the development of the airport post-2015.
 In terms of Key Issue BA1, the strategic planning framework for the airport must include a full and detailed assessment of the impacts of airport expansion on the New Forest National Park. The Habitats Regulations Assessment undertaken for the Regional Spatial Strategy for the South West (Land Use Consultants, February 2007) highlighted uncertain impacts from the expansion of Bournemouth Airport on the New Forest SPA, SAC and Ramsar site in terms of habitat disturbance, increased traffic and air pollution, and concluded that a more detailed assessment was required at the local level. The Appropriate Assessment for the Bournemouth Airport application (February 2007) failed to consider the impacts of expansion on the protected European habitats within the New Forest and this must be rectified in developing the longer term planning framework for the airport.
 I hope these comments are helpful in informing the development of the Christchurch and East Dorset Core Strategy Preferred Options document. If you require any clarification please do not hesitate to contact me.

| General comments: | Option A – High priority, demonstration of the Sequential Test in accordance with PPS25. Option C – High priority Option I – Foul Water Drainage. Infrastructure is an important consideration at this site. We believe that some of the Airport Business Park is connected to mains foul sewer. If further development is considered then the foul drainage must connect into a mains foul sewer. Use of private foul drainage systems would not be appropriate at this location. We recommend Wessex Water clarify where any new infrastructure (increased size of pipes, pumping station etc) would be required to accommodate the increases in flows. | | | | | | |

| Response: | | | | | | | |
| General comments: | The question appears to be focussed on negative control rather than positive measures to encourage economic activity within reasonable limits. Bournemouth Airport is an existing employment centre which should form the focus for new employment opportunities. Concerns over infrastrucutre requirements and environmental designations are unduly restricting economic growth and success of the airport, the development of which is fully supported in the RSS. In addition, where the relocation of existiong local businesses is involved, this will not reduce infrastructure capacity as these companies are already using the highway network | | | | | | |

Response: |
General comments: 5.11 The presence of the SSSI to the North of the Airport and the flood constraints in the local area should be key constraints when considering locations for development in the vicinity of the airport.

Issue: BA1 Contact ID: XED0201 Surname: KITE Unique Response Ref: CSIO-18638
Option: I Organisation: Natural England

Response:

General comments: Other issues that should be considered are:

- Traffic generation and displacement 'rat-running' beyond the environmental capacity of the minor roads in the New Forest National Park and designated nature conservation sites. Increased traffic on the minor roads can degrade the conservation interest of the road margins through rutting, erosion and patchwork highway repair widening, increases the risk of conflict with free roaming animals that underpin the management and character of the National Park, and reduces the value of the National Park for tranquil enjoyment of the natural environment. (High priority)
- Provision of tree and woodland planting near surrounding transport corridors, where appropriate (e.g. not on heathland sites), to absorb and filter transport emissions and filter/mask noise - as well as for landscaping purposes. (Medium priority).

Option: GENERAL Organisation: Highways Agency Response:
General comments: The Agency's design policies support the minimisation of environmental impacts associated with any new road construction (Option A). However, any new A338 link road should be considered as a longer term measure, to be assessed through strategic modelling of the highway network to which the Agency will contribute. At this stage there is insufficient evidence to comment on the options listed in regard to highway infrastructure, but the Transport Study will provide evidence to inform the Agency's position. The Agency supports Options O (improve public transport serving the Airport and northern business parks) and J (enhance walking and cycling links).
As observed above in relation to Key Issue BA1, the Agency supports public transport improvements and demand management measures as short - medium term priorities. A principal means of promoting demand management will be through the strengthening of the existing Area Wide Travel Plan (AWTP), which promotes sustainable travel in connection with both the airport and the neighbouring employment zone. Improvements in the provision of other sustainable travel modes, particularly public transport, should be progressed in association with the AWTP. The role of the AWTP appears to be underplayed in the Core Strategy Issues and Options, and this should therefore be included as a new Option K in relation to Key Issue BA2.

Issue: BA2 Contact ID: XED2405 Surname: MOLNAR Unique Response Ref: CSIO-17743
Option: GENERAL Organisation: For Persimmon & Banner Homes (represented by Terence O'Rourke)

Response:

General comments: It is important that the transport requirements of the airport are properly considered in terms of their impact on the surrounding transport network. The potential relationship with other key elements of the Core Strategy should be considered. Given the scope for an urban extension a short distance to the west of the airport at West Parley, the Core Strategy should consider the issue of the airports contribution to improvements to roads at Parley Cross, and the provision of new and enhanced pedestrian, cycling and public transport links between the new urban extension and the airport.

Issue: BA2 Contact ID: XED2552 Surname: WOODCOCK Unique Response Ref: CSIO-22575
Option: GENERAL Organisation: Environment Agency

Response:

General comments: General Comments - When considering location of new infrastructure for the Airport consideration should be given to your SFRA and the requirements of PPS25.

Option: K Organisation: Royal Society for the Protection of Birds
Response:
General comments: Distinction needs to be made between the needs of the airport and businesses within the airport estate. Emphasis needs to be given to meeting the operational needs of the airport through means other than private cars. The "link road" proposal is likely to raise significant environmental issues - we understand work is underway to examine these.

| Option: | K | Organisation: | Dorset Wildlife Trust | | | | |
| Response: | | | | | | | |
| General comments: | <p>Although the reference in A to minimising impact on sites of environmental importance is welcomed, all options not involving new road construction should be investigated as the priority. As stated under TR5 it is the employment allocation rather than the airport terminal which is served by the most recent proposals for the A338 link road. A draft area action plan recently prepared for Bournemouth Airport points out that policy is likely to move away from employment uses which are dependent on car borne commuting. This, combined with green travel plans and improved public transport links, could reduce the need for the link road and instead increase the need for public transport and other more sustainable transport infrastructure.</p> <p>DWT has not seen any details of any alternative alignments as suggested in A though there are believed to be other possible routes that could be less damaging to nature conservation interests, though still likely to have residual effects. Unless and until such plans are drawn up, we remain sceptical that environmental objectives can be met within a road building option to an acceptable level. DWT would wish to see the scheme removed from the plan, instead improvements to public transport and improvements to the existing road network should be the priorities.</p> | | | | | | |

| General comments: | 5.12 Both improvements to the existing A338/B3073 junction and a new link road should be considered, careful and innovative thinking should also be undertaken with regards to how funding for these improvements are best achieved. 5.13 Funding could be provided from developer contributions arising from the residential led mixed use development of land at Parley Lane. | | | | | | |

| Option: | D | Organisation: | New Forest District Council | | | | |
| Response: | | | | | | | |
| General comments: | New Forest District Council (NFDC) has not previously objected in principle to the proposals for development of Bournemouth Airport and the adjoining employment area. However, NFDC has always stressed the need for a direct link to the A338 Bournemouth Spur Road and for improved pUblc transport to the airport, in order to minimise adverse impacts on the roads in the western part of the New Forest District. This issue is acknowledged in the Issues and Options document and needs to be properly dealt with in the Core Strategy. | | | | | | |

| Response: | | | | | | | |
| General comments: | Consideration towards enabling the growth of existing businesses should be encouraged otherwise jobs will be lost due to relocation outside the area. This is particularly the case where businesses need to move to new sites to expand and adapt to meet modern requirements and market growth. Businesses generally either prosper or fade. They cannot be put on ice until long term infrastructure issues are resolved. | | | | | | |

| Response: | | | | | | | |
| General comments: | 5.14 In order to achieve the wider potential of the Airport we consider consideration should be given to the site at Parley Lane. The need for Infrastructure can be resolved and development should be promoted and encouraged which enables improvements to be realised. | | | | | | |

Issue: BA3 Contact ID: XED2460 Surname: LOFTHOUSE Unique Response Ref: CSIO-19802

Option: D Organisation: Dorset Agenda 21

Response:

General comments: cancel development of infrastructure

Issue: BA3 Contact ID: XED2442 Surname: HELLIER Unique Response Ref: CSIO-18152
Option: GENERAL Organisation: Highways Agency

Response:

General comments: The Agency agrees that it would be sensible to resist significant expansion of the employment area pending delivery of transport improvements which should focus on public transport upgrading in the short-medium term. As such, the Agency cannot declare support for any of the options listed owing to their restrictive nature. Sustainable travel options should be promoted as a priority, and both the Transport Study and strategic modeling should be used to determine the need for highways improvements. Where SRN Infrastructure is concerned, the Agency would expect developer-funding to be secured where the transport impacts of developments are not expected to be fully mitigated by the promotion of sustainable travel options (also to be funded through developers).

General comments: green belt should be sacrosanct

Issue: BA4 Contact ID: XED1176 Surname: BROOKS Organisation: Unique Response Ref: CSIO-17991
Option: D

Response:

General comments: Bournemouth Airport was built on "Greenbelt Land" during World War 2, regarded as "washed over" or on 2 or 3 islands within the greenbelt, development has continued without any restriction or consideration of adverse effects on Greenbelt policies.
Why the need to release it now?

Issue: BA4 Contact ID: XED2461 Surname: CRADDICK Organisation: Beagle Aerospace (represented by Savills) Unique Response Ref: CSIO-20283
Option: D

Response:

General comments: The removal of the green belt designation from the airport will facilitate future employment growth whilst having no material impact upon the character and appearance of the area

Issue: BA4 Contact ID: XED0180 Surname: DAVENPORT Organisation: Dorset Wildlife Trust Unique Response Ref: CSIO-20046
Option: D

Response:

General comments: In DWTs view the Green Belt designation is helpful to protecting the setting of nature conservation assets which surround and lie within Bournemouth Airport boundary and should be retained. In any case no land of nature conservation interest, including the SNCIs should be removed from the Green Belt

| Option: | D | Organisation: | Barton Willmore Planning | | | | |
| Response: | | | | | | | |
| General comments: | 5.15 There is a strong case to support the release of land to the south of the airport from the Greenbelt for mixed use development including development ancillary to the operation of the Airport. Land to the north, east and west are heavily constrained in terms of flooding, ecological and public safety issues and are considered suitable for release. 5.16 Specifically we consider the land identified in Appendix A to this document should be released from the Greenbelt. | | | | | | |

| | | | | | | | |

| Response: | | | | | | | |
| General comments: | The removal of the Greenbelt designation from the Airport will facilitate future employment growth whilst having no material impact upon the character and appearance of the area. Furthermore, the land adjoining the airport offers excellent opportunities for renewable energy development and energy from waste which would be complimentary to the proposed MBT plant in Chapel Lane | | | | | | |

Issue: BA4 Contact ID: XED1432 Surname: CHITTENDEN Unique Response Ref: CSIO-03468
Option: GENERAL Organisation: Environment TAG (East Dorset)

Response: We strongly oppose releasing land from the Green Belt. The existing boundaries meet the Green Belt (PPG2) purposes of

- checking unrestricted sprawl
- preventing coalescence of settlements (loss of the separate identities of Hum, the airport and West Parley could result), and
- safeguarding the countryside from encroachment.

The area supports significant wildlife habitats and one of PPG2's objectives is to secure nature conservation interest.

General comments:

Issue: BA4 Contact ID: XED0902 Surname: HASKINS Unique Response Ref: CSIO-15303
Option: GENERAL Organisation:

Response:

General comments: No land of nature conservation merit should be removed from the green belt

Issue: BA4 Contact ID: XED2552 Surname: WOODCOCK Unique Response Ref: CSIO-22576
Option: GENERAL Organisation: Environment Agency

Response:

General comments: General Comments - When considering location of new infrastructure for the Airport consideration should be given to your SFRA and the requirements of PPS25.

| Issue: BA5 | Contact ID: XED2460 | Surname: LOFTHOUSE | Unique Response Ref: CSIO-19812 |
| Option: F | Organisation: The Dampney Trust (represented by Savills) | | |
| Response: | | | |
| General comments: | The economic potential of the airport and surrounding rural areas should not be unduly constrained particularly as the Council is able to exert influence over the design of any proposals adequately through the existing development control process. Encouragement should also be given for the development of renewable energy proposals to enhance the sy=ustainability credentials of the airport | | |

| | | | |
|---|--|----------------------------|--|
| Issue: BA5 | Contact ID: XED1432 | Surname: CHITTENDEN | Unique Response Ref: CSIO-03469 |
| Option: GENERAL | Organisation: Environment TAG (East Dorset) | | |
| Response: RSS EIP questioned the role of employment land at Bournemouth Airport. Revised policy ST7.3 requires reconsideration to ensure no development is located there that would be more appropriate in the town centres. | | | |
| General comments: | | | |

| | | | |
|--------------------------|---|-------------------------|--|
| Issue: BA5 | Contact ID: XED0902 | Surname: HASKINS | Unique Response Ref: CSIO-15304 |
| Option: GENERAL | Organisation: | | |
| Response: | | | |
| General comments: | Consent for development of a Bournemouth Airport business park was only ever given on the basis that it was deemed to be essential and appropriate for aviation related businesses. This seems to have been entirely forgotten. It is not a suitable site for employment per se. Therefore none of these approaches are agreeable | | |

| | | | |
|--------------------------|---|-------------------------|--|
| Issue: BA5 | Contact ID: XED2442 | Surname: HELLIER | Unique Response Ref: CSIO-18153 |
| Option: GENERAL | Organisation: Highways Agency | | |
| Response: | | | |
| General comments: | The Agency is not in a position to comment on the nature of economic growth at the Airport, other than to reiterate the need for a package of sustainable transport measures appropriate for the scale and types of businesses present. | | |

Response:

General comments: As a local resident who has tried for over 12 years to persuade Christchurch Borough Council to negotiate an effective Section 106 Flying Controls Agreement to restrict night-time flying operations, I am well aware Christchurch Borough Council are hell-bent on allowing unfettered expansion of the Airport without any meaningful and reasonable restrictions. This Core Strategy Discussion Paper underlines my impressions.

Whilst I am merely an individual local resident living beyond the boundaries of Christchurch Borough Council, it is much more serious for the concerns expressed by the adjoining Local Authority to be totally ignored. Ironically, East Dorset District Council are working as " Partners" with Christchurch Borough Council in the preparation of this Local Development Framework Strategy! When Planning Application 8/07/0065 to refurbish and extend the Airport Terminal came before Christchurch Borough Council's Development Control Committee in June 2007, East Dorset District Council submitted a detailed statement of objections recommending that Christchurch Borough Council should consider the implications for East Dorset residents on a series of issues. As far as I am aware, this document has been totally ignored.

More recently, the New Forest National Park Authority have applied for a judicial review stating that "a proper account has not been taken of the New Forest's protected status as a National Park". The Judge has now rejected the Appeal, declaring there was nothing wrong with Christchurch Borough Council's handling of this Planning Application, which was supported by a " proper environmental statement". If only!

In formulating their questions under this Theme, this Core Strategy document is is clearly slanted towards providing a new link road from the Airport to the A338 trunk road. Yet the Regional Spatial Strategy suggests this is a " low priority for public spending", and implies it should be funded by the Developer of the Airport as a condition of Christchurch Borough Council granting further Planning Approvals.

Issue: BA8 Contact ID: XED1363 Surname: BURDEN Unique Response Ref: CSIO-18098
Option: GENERAL Organisation: Cranborne Chase & West Wiltshire Downs AONB

Response:

General comments: A major feature of this AONB is its tranquillity. There is, therefore, very considerable concern expressed through the consultation stages in the preparation of the AONB Management Plan that tranquillity should not be prejudiced. Clearly Bournemouth International Airport (page 45) has considerable potential to impact adversely on that tranquillity. This seems to come from two major sources, namely overflying and noise emanating from both that overflying and the operation of the airport itself. Whilst the AONB has been consulted by the Civil Aviation Authority on major international routes and the changing of air space we are concerned that we do not seem to be consulted about use levels or flight patterns emanating from Bournemouth Airport. It is disappointing to see that the AONB is not mentioned in the section relating to the airport. This is even more worrying as the AONB forms a significant part of the East Dorset District Council area.

| Response: | <p>I cannot recall the exact boundary of the Bournemouth Airport Employment site, however, in general terms, our issues in relation to this site are:</p> <ul style="list-style-type: none"> • Flood Risk - site likely to fall at least partly in FZ 2 and 3. Sequential Test in accordance with PPS25 would need to be undertaken to determine the suitability of the site for the intended uses. The SFRA covering the district should help inform the Sequential Test. Then if considered a reasonably available site compared to alternative sites, a Flood Risk Assessment would need to be undertaken. • Surface water and foul water drainage - Infrastructure is an important consideration at this site. I believe that some of the Airport Business Park is connected to mains foul sewer. If further development is considered then the foul drainage must connect into a mains foul sewer. Use of private foul drainage systems would not be appropriate. Wessex Water must be contacted to clarify where any new infrastructure (increased sizes of pipes, pumping stations etc) would be required to accommodate the increases in flows. We would encourage the use of Sustainable Drainage Systems (SuDS) on the site to help reduce run-off in terms of flood risk and minimise the water that is discharged into the surface water sewer. The incorporation of SuDS and other pollution prevention measures (such as oil tank bunds, appropriate SURfacing of working areas etc) should also help minimise the impact on the water quality of nearby streams and rivers, and groundwater. • Contaminated land - risk assessments would need to be undertaken, and any contaminated areas must be appropriately remediated. • Protection and enhancement of biodiversity interests. The site is in the Vicinity of important conservation designations, which must be protected and enhanced. There may also be other water features (such as streams, ponds etc) within the site that are not designated for their conservation value, but we would still encourage that these are protected and enhanced, particularly if they are important habitats for wildlife species, such as Great Crested Newts, etc. • We would strongly encourage the use of Sustainable Construction techniques, including water efficiency measures, to be incorporated into the design of the site. We would recommend the highest possible standards to be required. For Industrial developments this is likely to be the 'Excellent' BREEAM standard. • Waste management must be adequately considered at the site, with sufficient facilities for waste reuse/ recycling put in place. A management plan for the industrial area would be beneficial. Our Environment Management team may be able to provide advice on the management of waste at this site. | | |

General comments: Opportunities for the relocation of existing local businesses should be encouraged, particularly where this will assist the retention of existing skilled workforces within the local area. Such flexibility is required to avoid relocation to areas where planning constraints and the cost of relocation are not as high. This would be particularly applicable to aviation related businesses which would benefit from being located within an established cluster of aerospace companies

General comments: Conclusion
 6.1 The Airport is recognised as being an important driver of the local economy and additional land needs to be released from the Greenbelt to help it to deliver its potential. Options for this release are limited and we consider that land to the south of the Airport at Parley Lane suitable and appropriate. Most other land in the area is constrained by environmental factors.
 6.2 The continued growth of employment opportunities at the Airport is reliant on improvements to the local Highway Infrastructure: this cannot be financed by contributions from employment development alone. Therefore we propose a residential led mixed use scheme which will provide the funds required to upgrade the local highways network and to fund public transport improvements. The site is well located to provide required transport infrastructure.
 6.3 The proposed site offers a sustainable location for mixed use development with relatively few constraints.
 6.4 The proposals set out in this submission will provide an opportunity to balance the growth of the airport as a travel hub and an employment generator and provide a location for a sustainable mixed use community. Providing a residential led mixed use development adjacent to the airport will offer the opportunity for employees to live within walking distance of their place of work and potentially balance travel patterns.
 6.5 We therefore recommend that land to the north and south of Parley Lane are included in the preferred options stage of the Core Strategy and that its allocation is included in an Area Action Plan for the Airport.

General comments: It is disingenuous to suggest in the Core Strategy that it is possible to expand aviation "sustainably". Whilst it is not realistic to reduce the extent of aviation and emissions from BIA it is certainly unsustainable to plan for any expansion. The Aviation White Paper does not reflect our current understanding of the threat of climate change and is not a basis for forward planning. Many of the Core Strategy's policies seek to prevent growth in surface transport so why should aviation be treated differently.

| Option: | GENERAL | Organisation: | Bournemouth Sports Club Limited | | | | |
| Response: | No | | | | | | |
| General comments: | The development of additional employment facilities at the airport will generate demand for outdoor sport at Bournemouth Sports Club which borders the site to the west. The Sports Club occupies a site of 26 hectares and provides opportunities for members and non-members to participate in football, rugby, cricket, hockey, Squash and archery on high quality facilities and at high standards of competition. In recognition of the quality of facilities available, the site is considered by Sport England to be of sub-regional importance. However, when operating at full capacity, the club has a shortage of changing rooms and requires additional investment to maintain the sites status and to ensure that it can continue to operate viably in the future for the benefit of South East Dorset residents. In view of the likely additional demands to use these facilities from the residents of the new development at Parley Cross and the future occupiers of employment units at Bournemouth Airport, the Sports Club believes that there are good planning grounds for the developers of both sites to be asked to make a contribution towards the upgrading of sports facilities at the Club. | | | | | | |

| General comments: | The airport and its associated uses and the University are important economic drivers in the sub region. It is important that the role of these regionally important facilities is not compromised by inadequate provision of housing for the labour force which will be required to fulfill their potential (see Theme 11 below) | | | | | | |

| General comments: | The LDF should avoid putting too much reliance on providing for the employment land requirements of the plan area in this large strategic site. The site has well known deliverability issues such as highways capacity and environmental constraints, it will be imperative that a choice and range of other sites are available to meet business needs in the short to medium term. Without such choice the LDF will fail to satisfy PPG4, the draft SW RSS and SW RES. The Inspectorate Tests of Soundness will also be failed. | | | | | | |

| Option: GENERAL | Organisation: South West of England Regional Development Agency | | |
| Response: | | | |
| General comments: | <p>The South West RDA welcomes recognition in the Issues and Options paper of the role of Bournemouth International Airport and its associated employment site, Aviation Park. The airport is one of five key regional airports in the South West and the growth to which it aspires is supported by national and regional policy. The Agency acknowledges the potential impacts of this growth and will work with the Airport, Council and other partners to ensure that future growth takes place within environmental limits. Improving surface access to the airport by public transport will be a key part of this and is closely allied to proposals to upgrade the bus and coach station facilities. Planning for such facilities will need to maximise opportunities to secure more sustainable transport links with new and existing employment opportunities at Aviation Park. The Core Strategy will need to retain sufficient flexibility to accommodate the outcomes of the South East Dorset Transport Study.</p> <p>The Agency considers Aviation Park to be a key strategic employment site within the sub-region and of particular significance given its potential role in addressing the shortage of employment land in the medium to long term. We welcome recent work by Nathaniel Lichfield and Partners (NLP) for Christchurch BC5 exploring the ways in which to bring forward the land for development. The transport modelling work underway by Manchester Airports in consultation with the County Council will also be important in helping to understand the phasing and timing of employment land release as it relates to infrastructure improvements. In light of the infrastructure and environmental issues affecting the future delivery of Aviation Park, the Spatial Annex to the RES identifies a need to provide high quality business premises in SE Dorset in addition to the strategic employment site at Bournemouth Airport in order to reduce reliance on this one site and improve the range and choice of sites available. The Dorset Workspace Strategy will test a range of scenarios for the sub-region related to the timing and quantities of land becoming available at Aviation Park.</p> <p>The Agency supports an aspirational and market-facing approach to future development at the airport business park as advocated in the Issues and Options paper. The aforementioned NLP work concludes that a preferred option for the Airport land should be a mixed use employment area with around 80% occupied by industrial and aviation-related activities and around 20% for offices uses. The Agency would support an approach that does not attempt to accommodate uses better suited to the urban areas of Bournemouth and Poole. The NLP recommendations (e.g. for aerospace firms, start-up and incubation space) form a useful starting point for further exploration through the LDF process of the types of employment development to be encouraged and their delivery to the market.</p> <p>The South West RDA supports NLP's finding that branding the site as a specialist aerospace / aviation-related park should not be encouraged because it could limit its attractiveness to other sectors. The Agency agrees that restricting land for purely aviation related uses would not reflect the fairly limited level of demand for land from aviation businesses and could further constrain the supply of general employment land in the sub-region. The Agency supports the principle of a bespoke Area Action Plan for Bournemouth Airport. This will provide a robust development framework for the area and act as a focused delivery mechanism for all partners.</p> | | |

| General comments: | <p>P45 It would have been really useful to have a map showing how the different bits of the airport relate to each other and the wider area and also to provide a better context in terms of scale, i.e. is the 366 ha referred to the entire scheme including all those aspects not yet developed. How do future proposals relate in scale to what is existing already etc.</p> <p>P46 It is good that you recognise in your final sentence of 3rd paragraph left-hand column that realising the potential of the site is dependant on overcoming the constraints. In assessing this you will need to take a delivery-focused, realistic approach. Consequently this also means that should it not be possible to achieve a degree of certainty over development at the airport coming forward by a particular time, it will be necessary to bring forward alternative employment land elsewhere in the conurbation. As such the last sentence of the 3rd paragraph of the left-hand column p. 47 still remains to be demonstrated. In other words, the employment land at the airport can only constitute the bulk of the supply for the conurbation and play a significant role, if the land can actually be brought forward in the plan period. You will also need to address as part of your strategy how you are going to address the shortage in the short-to medium term that you identified on page 42.</p> <p>P47 it would also have been useful to include the airport masterplan for illustration. It is clear that the evidence base with regard to the airport is still evolving and that an informed consideration of the options can only be undertaken once this has been completed. It is fundamental to know what can be done at the airport with the existing infrastructure and what additional infrastructure is required for which additional proposals and how likely it is that these infrastructure pieces can be implemented - bearing in mind environmental constraints and emerging RSS.</p> <p>P48 highlights that the SFRA shows that large areas of the airport are at risk of flooding. Consequently the EA's involvement in developing/reviewing the options for the airport is particularly important. Ideally you should achieve agreement on your strategy to deal with flooding at the airport with the Environment Agency (i.e. obtain their endorsement) as this would substantially enhance the credibility of your spatial approach in this respect.</p> <p>P. 49 (top of left-hand column) acknowledges that it may not be possible to implement all of the transport improvements currently being considered. In this case the employment land dependent on those transport improvements can also not count towards your employment land supply. At the same time you highlight (top of right-hand column) that 'many buildings are coming to the end of their economic life' - does this therefore present an opportunity for intensification/rejuvenation? How are you taking this into account? Concerning the type of business activity to be planned for at the airport, you will need to ensure conformity with PPS 6 which guides major office and retail development to town centres. Similarly you need to reflect final RSS strategy, i.e. should the final RSS confirm the approach suggested by draft RSS/Panel report then you will need to make sure that the proposed approach for the airport does not undermine the town centres as the main office and retail locations (see also proposed policy SR7.3 Employment Provision bullet 3 of the panel report). Consequently some of the proposed uses under BA6ff might be in conflict with final RSS strategy and you will need to ensure that you resolve this following the adoption of final RSS strategy and reflect accordingly in further stages of your CS.</p> | | | | | | |
