Mr + Mrs Green,

13. 9. 15.

Dear Sir,

We most object most strongly to any further housing development in Blandford St Mary, as this will put more pressure on the existing infrastructure of the following, - increased traffic, pollution, schools, Doctors + Dentist surgeries.

Also this development will denigrate part of our beautiful area + remove valuable agricultural land from crop production.

There are more suitable sites to the North + West of Blandford Forum which remain within the Bypass.

Yours sincerely,
