The purpose of the examination is to consider whether the Local Plan complies with the **legal requirements** and is **'sound'**.

If you are seeking to make a representation on the **way** in which documents have been prepared it is likely that your comments or objections will relate to a matter of **legal compliance**.

If you are seeking to make representations on the **content** of the documents it is likely that your comments or objections relate to the **soundness** of the plans and whether it is justified, effective or consistent with national policy.

Further information on the matter of legal compliance and the issue of soundness can be found in the 'Guidance Notes for Making Representations'.

The wording of Para. 10.248 and of Policy 33 need to be made clearer so that the policy is enforceable, by adding tests for the conditions for removal of occupancy conditions and control of occupancy. This is important because there may be applications for occupational dwellings where the intention is to get the occupational condition lifted and sell them on.
