5. If you consider the Local Plan to be unsound please specify your reason(s) by ticking the box(es) that apply below

- It is not effective
- It is not consistent with national policy

6. Please give specific details of why you consider the Local Plan has not been prepared in accordance with the Duty to Co-operate, legal or procedural requirement or why you consider the plan to be unsound. Alternatively, if you wish to support any aspects of the plan please also use this box to set out your comments.

The policy is not sound because it does not go far enough to supporting the Council's aspirations for a thriving economy in the district.

CPRE strongly supports the Council's policy to link housing and development to employment. Nevertheless, we feel that there should be greater emphasis on developing employment and economic activity in the villages. For example arts and cultural activities are economically valuable, with the Blandford art trail and music events held throughout the district.

Paras. 6.33, 6.34

Sustainable tourism

We think the Council should be more positive about this, one of the economic activities that directly derives from the Dorset landscape and countryside. As a start, a research report should be commissioned to investigate imaginative new types of tourism that would mean that visitors spent more and were willing to pay more for accommodation. For example there are very few high quality restaurants in the region despite the excellent local produce. Cultural tourism is another well established way to generate higher value tourism.

Para. 6.39

Skills and training / knowledge based companies

Greatly improved broadband will be required for knowledge based companies and to promote skills and training. We note that not every village will have broadband communications but in our view the Council should do all it can to get this provided, to promote jobs and work in the countryside.

Continue on a separate sheet if necessary

7. What change(s) do you consider are necessary to ensure that the Local Plan is legally compliant and sound? It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Para. / policy	Wording suggestions
6.12	Economic activities should not diminish or damage the countryside, AONBs, SSSIs, etc or the environment – rather, they should use them as valuable assets to be cherished and enhanced. The list of possible economic activities is unimaginative and considering the caveats on environmental downside of equine related activities (Para. 10.221) in our opinion this is given undue prominence. For example, the project, Wild Anglia (www.wildanglia.org), sets out a vision of how enhancing the environment also enhances the economy.
6.14	Key actions ...

Include here jobs and businesses improving the housing stock and installing insulation, heat pumps, domestic solar panels and other renewable technologies. These are badly needed in Dorset, require skilled workers, and generate substantial numbers of jobs.

Promoting the provision of broadband internet access is key to a thriving economy in the 21st century. We consider that the Council should be more positive about this, especially for rural areas.

Yes, I would like to participate in the oral examination

9. If you wish to participate in the oral part of the examination please outline why you consider that to be necessary. Please note that the Inspector determines who is heard at the examination.

We would like to explain our arguments and reasoning.

10. Please outline your comments on the Final Sustainability Appraisal Report or Habitats Regulations Assessment. Comments are not confined to 'soundness' issues, but respondents can express their opinions on the above documents and use it as a reference point on the 'soundness' of the Local Plan.
