The purpose of the examination is to consider whether the Local Plan complies with the **legal requirements** and is **'sound'**.

If you are seeking to make a representation on the **way** in which documents have been prepared it is likely that your comments or objections will relate to a matter of **legal compliance**.

If you are seeking to make representations on the **content** of the documents it is likely that your comments or objections relate to the **soundness** of the plans and whether it is justified, effective or consistent with national policy.

Further information on the matter of legal compliance and the issue of soundness can be found in the 'Guidance Notes for Making Representations'.

5. If you consider the Local Plan to be unsound please specify your reason(s) by ticking the box(es) that apply below

Alternatively, if you wish to support any aspects of the plan please also use this box to set out your comments.

Not all of the material points in the explanatory paragraphs are embodied in the Policy. The policy should be clarified to better reflect the requirements of Policies 4 and 20.

Para. 10.221 acknowledges that equine developments can have considerable adverse environmental effects, e.g. through replacing natural grassland with monoculture grass; intrusive fencing and hedge removal; laying hard surface tracks; large, unsightly buildings. This can affect public amenity and leisure of others, eg walkers. We **welcome** the caveat in Para. 10.221 relating to this but **it should be properly reflected in Policy 32** itself.

Similarly, Para. 10.239 – “The Council will also consider the cumulative impact of such developments on the character of the countryside” –

Equine businesses are also liable to generate traffic – especially large vehicles such as horse boxes which are unsuitable for country lanes. This could give rise to unsightly widening.

These points should be reflected in the Policy itself, as in the suggested re-wording.

Continue on a separate sheet if necessary

7. What change(s) do you consider are necessary to ensure that the Local Plan is legally compliant and **sound**? It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Para. / policy	Wording suggestions
Policy 32	<p>1st paragraph <u>Re-word</u> (see Para. 10.221 and 10.239): Equine-related developments in the countryside will be permitted provided that they do not adversely affect environmental quality and the rural character of the District. The cumulative impact of such developments will be taken into account, and where excessive, permission will be refused.</p> <p><u>Add</u> to Point c) ... in a safe manner and will not require the improvement or widening or provision of intrusive passing places in countryside roads and lanes.</p> <p><u>Add further</u> Point d) (see 10.233): ... will not generate an unacceptable increase in traffic over countryside roads and lanes</p>

continue on a separate sheet if necessary

8. If your representation is seeking a change, do you consider it necessary to participate in the oral part

of the examination?

No, I do not wish to participate in the oral examination for this section of the Plan

Yes, I would like to participate in the oral examination

9. If you wish to participate in the oral part of the examination please outline why you consider that to be necessary. Please note that the Inspector determines who is heard at the examination.

10. Please outline your comments on the Final Sustainability Appraisal Report or Habitats Regulations Assessment. Comments are not confined to 'soundness' issues, but respondents can express their opinions on the above documents and use it as a reference point on the 'soundness' of the Local Plan.

11. Do you wish to be notified of any of the following? Please tick all that apply. We will contact you using the details you have given above.

- That the Local Plan Part 1 has been submitted for independent examination
