Part B – Representation

The North Dorset Local Plan 2011 to 2026 Part 1 and its supporting documents have been published in order for representations to be made prior to submission to the Secretary of State for examination. The purpose of the examination is to consider whether the Local Plan complies with the **legal requirements** and is **'sound'**.

If you are seeking to make a representation on the **way** in which documents have been prepared it is likely that your comments or objections will relate to a matter of **legal compliance**.

If you are seeking to make representations on the **content** of the documents it is likely that your comments or objections relate to the **soundness** of the plans and whether it is justified, effective or consistent with national policy.

Further information on the matter of legal compliance and the issue of soundness can be found in the 'Guidance Notes for Making Representations'.

If you need help completing the response form please see a member of the Planning Policy Team at one of the consultation exhibitions or call 01258 484201.

Please give specific details of why you consider the Local Plan has not been prepared in accordance with the Duty to Co-operate, legal or procedural requirement or why you consider the plan to be unsound. Soils and Best and Most Versatile Land

Whilst there are a number of references to soils throughout the Local Plan, there seems to be a lack of more specific reference to them in the context of protection and enhancement of soils, and their sustainable use (NPPF 109). You may like to consider referring to the Defra Construction Code of Practice for the Sustainable Use of Soils on Construction Sites.

In addition, the Plan appears not to safeguard the long term capability of best and most versatile agricultural land and does not make clear that areas of lower quality agricultural land should be used for development in preference to best and most versatile land (NPPF 112).

We therefore recommend that consideration should be given to inclusion of additional wording in the Local Plan to cover these aspects of soil use/protection.

Continue on a separate sheet if necessary

7. What change(s) do you consider are necessary to ensure that the Local Plan is legally compliant and sound? It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

We recommend that consideration should be given to inclusion of additional wording in the Local Plan to cover these aspects of soil use/protection/best and most versatile land.

In relation to use of soils, you may also like to consider referring to the Defra Construction Code of Practice for the Sustainable Use of Soils on Construction Sites.

Yes, I would like to participate in the oral examination

9. If you wish to participate in the oral part of the examination please outline why you consider that to be necessary. Please note that the Inspector determines who is heard at the examination.

10. Please outline your comments on the Final Sustainability Appraisal Report or Habitats Regulations Assessment. Comments are not confined to 'soundness' issues, but respondents can express their opinions on the above documents and use it as a reference point on the 'soundness' of the Local Plan.

11. Do you wish to be notified of any of the following? Please tick all that apply. We will contact you using the details you have given above.

- That the Local Plan Part 1 has been submitted for independent examination
