I have always lived in Hazelbury Bryan and am therefore very interested in how decisions put forward by the current Neighbourhood Plan could potentially shape the village in the future.

Having given it due consideration, I object to Site 2 being removed from the list of sites going forward on the plan. I have observed there to be an issue with car parking availability for hall users on numerous occasions which is evidenced in section 8.9 of the plan. The removal of Site 2 would adversely impact on the delivery of this much needed additional car parking provision which would have supported HB22 (Parking Provision).

Removing Site 2 takes away the benefit of a new footpath link between The Causeway and Pleck/Wonston which would have led to a safer route on foot and supported HB14 (Community Facilities).

The removal of Site 2 prejudices the delivery of affordable housing in the village, for local people, and the community charge benefits will also be lost therefore another impact on HB14.

In addition, the removal of Site 2 has an adverse effect on the delivery of much needed market homes, at the heart of the village in an especially sustainable location which could have supported HB15 (Meeting Housing Need) and HB16 (Type of Dwelling).

Continue overleaf if necessary

5. Please give details of any suggested modifications in the box below.

Site 2 should be included as a site for development in the current Plan.
