Para 1.9 What Period Does the Local Plan cover?

The Plan Period for the new North Dorset Local Plan is from 2011 – 2026.

The NPPF states at para 157 that Local Plans should be "...drawn up over an appropriate time scale, preferably a 15 year time horizon, take account of longer term requirements, and be kept up to date."

By having such a short plan period (it is already 2014, so only leaving 12 years if the plan was adopted this year), the plan does not look to the longer term and take account of the longer term requirements.

A longer time horizon is necessary to give a more strategic perspective for development proposals and infrastructure requirements, and to allow time for the Council to undertake a review before the plan's time horizon has expired.

In the South Worcestershire Joint Core Strategy the Inspector's Interim Conclusions report, October 2013 ( para 56), he made the point that "the Plan looks forward at least 15 years from its likely adoption date and so is consistent with the NPPF para 157".

The Inspector for the Lichfield District Council ( August 2013) also identified "...the plan period which runs to 2028, would only have a 14 year life - rather than the 15 year time horizon which the NPPF indicates would be preferable. The Council should, therefore, consider extending the end date of the Plan to 2029 and making the necessary adjustment to housing numbers."

It is considered that the plan period should be extended to 2031. On the basis of the Council's own housing figures – the housing provision should be increased to 5,600 dwellings for the period 2011 – 2031 i.e. at 280 per annum.

*Continue on a separate sheet if necessary*

**7. What change(s) do you consider are necessary to ensure that the Local Plan is legally compliant and sound?** It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The effectiveness of the Plan is undermined by its relatively short timescale (to 2026) which means that it will not have a 15 year time horizon at adoption. In order for the Plan to be sound the Plan Period should be extended, so that provision is made for the period to 2011 – 2031 and using the Council's proposed housing requirement this would be 5,600 dwellings. Changes need to be made to Policy 6 Housing Distribution albeit proportionate with the current apportionment between the settlements set out within the current settlement hierarchy.

*Continue on a separate sheet if necessary*

**8. If your representation is seeking a change, do you consider it necessary to participate in the oral part of the examination?**

- No, I do not wish to participate in the oral examination  
 Yes, I would like to participate in the oral examination

**9. If you wish to participate in the oral part of the examination please outline why you consider that to be necessary.** Please note that the Inspector determines who is heard at the examination.

Persimmon Homes South West has concerns about the soundness of the plan in respect of the plan period and the housing requirement and the deliverability of the urban extension to Gillingham.

**10. Please outline your comments on the Final Sustainability Appraisal Report or Habitats Regulations Assessment.** Comments are not confined to 'soundness' issues, but respondents can express their opinions on the above documents and use it as a reference point on the 'soundness' of the Local Plan.

**11. Do you wish to be notified of any of the following?** Please tick all that apply. We will contact you using the details you have given above.

- That the Local Plan Part 1 has been submitted for independent examination  
 The publication of the recommendations of any person appointed to carry out an independent examination of the Local Plan Part 1  
 The adoption of the Local Plan Part 1.
