

Bournemouth, Christchurch, Poole and Dorset Mineral Sites Plan

Modifications to the Pre- Submission Draft

Representation Form

This form should be returned by **5:00 pm** on **20th June 2019** to the address at the end of the form, or via email to mwdf@dorsetcouncil.gov.uk Additional copies of the form can be obtained from the Dorset Council website: www.dorsetcouncil.gov.uk/mineral-sites

Late representations cannot and will not be accepted.

- The Bournemouth, Christchurch, Poole and Dorset Mineral Sites Plan was previously known as the Bournemouth, Dorset and Poole Mineral Sites Plan.
- **All documents and copies of this form are available at** www.dorsetcouncil.gov.uk/mineral-sites
- **During this consultation you can comment on the modifications proposed to the Pre-Submission Draft Mineral Sites Plan.** The modifications are set out in the Schedule of Modifications and in the 'Modified Mineral Sites Plan'. They include main modifications necessary for the Mineral Sites Plan to be capable of being found 'sound' and additional modifications, which do not impact on whether the Plan is 'sound' or not. Main modifications are written in underlined red text and have the prefix 'MM' Additional modifications are written in underlined red italics and have the prefix 'AM'.
- If your representation does not relate to a modification it will not be valid.
- Please make it clear which modification your representation relates to – reference numbers can be found in the Schedule of Modifications and are written in brackets in the Modified Plan.
- A separate representation form should be provided for each modification commented on.
- You can also choose to comment on the sustainability appraisal and habitats regulations assessment
- The Planning & Compulsory Purchase Act 2004 (as amended) states that the purpose of the Examination is to consider whether the plan complies with legal requirements, the duty to co-operate and is 'sound'. Your comments on the modifications must therefore relate to these matters.

To be 'legally compliant':

Any comments which you wish to make on the way in which the Council has prepared the published plan must relate to matters of legal compliance, which include, in particular, whether the plan:

- ▶ has been prepared in accordance with the Local Development Scheme; the Statement of Community Involvement and the Town & Country Planning (Local Planning) Regulations 2012;
- ▶ has been subject to sustainability appraisal; and
- ▶ has had regard to national policy.

To be 'sound' a local plan should be:

- ▶ Positively prepared – Does the plan seek to meet objectively assessed needs for minerals; take account of unmet requirements from neighbouring/other authorities where it is reasonable to do so, and achieve sustainable development?
- ▶ Justified – Does the plan provide the most appropriate strategy when considered against reasonable alternative options?
- ▶ Effective – Do you think that the policies in the plan are capable of being delivered during the plan period?
- ▶ Consistent with National Policy – Does the plan enable the delivery of sustainable development in accordance with the National Planning Policy Framework?

This form has two parts:

Part A - Personal details (please only fill in Part A once);

Part B - Your representation(s) – Please fill in a separate sheet (Part B) for each representation you wish to make.

Please send in Part A and all representations together.

Part A – Respondent Details

	1. Personal Details	2. Agent's Details (for use only when using an agent)
Title	██████	
First Name	██████████	
Last Name	██████	
Job Title (where relevant)		
Organisation (where relevant)		
Address	████████████████████ ██████████████████ ██████████████	
Postcode	██████████	
Telephone	██████████████	
Email Address	██████████████████████████████	

Data Protection:

The information you provide will be used by Dorset Council for the purpose of preparing the minerals and waste local plans. It will only be retained for as long as required for that purpose.

Note that representations, including respondent details, will be forwarded to the Planning Inspector who has been appointed by the Secretary of State to examine the Bournemouth, Christchurch, Poole and Dorset Mineral Sites Plan. Please be aware that all representations will be made available for public inspection, including on the council's website.

By submitting this form, you are consenting to its use as detailed and you are agreeing for your details to be added to our database. Further information about the use of personal information is available on our web site at www.dorsetforyou.com or by contacting the Council's Data Protection Officer by email at data.protection@dorsetcouncil.gov.uk or by post at RMU, County Hall, Dorchester, DT1 1XJ

Part B – PLEASE USE A SEPARATE FORM FOR EACH REPRESENTATION

1. Please state the modification you are commenting on
(Please complete one sheet per main modification or additional modification)

**Main modification
number:**

MM 9 – Part 2: LAA

**Additional
modification
number:**

AM

2. Do you support or object to the modification

Support

Object

3. If you object to a Main Modification, do you think it fails any of these statutory tests: (Please leave this blank if you are commenting on an Additional Modification)

Legal compliance

Soundness

Compliance with the duty to co-operate

No comment

3(a) If you are commenting on soundness, please indicate which test of soundness?

Positively prepared

Justified

Effective

Consistent with National Policy

4. Please use the space below to provide more detailed comments on the modification

Paragraph **iv** on page 14 states:

In seeking to establish whether there has been a shortfall in supply, and the extent of the shortfall, the MPA will particularly focus on the findings of the Local Aggregates Assessment (LAA).

2. It can be seen in my analysis of 10 year rolling averages for 2002-11, 2003-12, 2004-13, 2005-14, 2006-15, 2007-2016, 2008-1017 and 2009-18 that simply taking one rolling average is not sufficient.

3. The rolling averages tend to lag the output value of the last year of a rolling average. Also the previous year's final output is a very imperfect predictor of the output in the following year.

4. The clear lesson from the analysis of the Local Aggregate Assessments is that it is best to consider a 10 year rolling average which is the average of a number of 10 year rolling averages.

5. Since quarries tend to stay in operation for many years the average of a number of rolling averages will provide a better guide than just one rolling average.

5. Please use the space below to give details of what change(s) you consider necessary to the modification (please restrict your response to the modification named above only)

1. I recommend that the following sentences or something similar are added to the sentence repeated above from MM9:

It is recommended that a rolling average of a number of LAA year groups is calculated rather than depending on just the latest rolling average.

The LAA readings of total land based aggregate extraction can vary markedly between years and hence one low reading should not be automatically taken as indicating a problem.

Please note: Your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested change.

Please indicate if you wish to be notified of any of the following:

The publication of the Inspector's report following the Examination in Public

The adoption of the Bournemouth, Christchurch, Poole and Dorset Mineral Sites Plan

Signature:

Nigel Hill

Date:

20 June 2019

Please send completed forms to the address below.
